

The petition of election was published in the *Calcutta Gazette* of the 6th February and was fixed for hearing on the 21st February 1924. On that date there was no appearance on behalf of the respondent. We thereupon heard the learned Counsel appearing for the petitioner and inspected the ballot papers and other papers relating to the election which we obtained from the Secretary, Bengal Legislative Council. We were desirous of knowing how the mistake had occurred and we postponed our consideration of the case until we saw the correspondence on the subject which was said to have passed between the Returning Officer and Government. The case was adjourned to the 27th February. On the previous day the respondent had appeared and had asked for time to file a written statement, alleging that he had a violent attack of asthma. This petition was pressed before us on the 27th February. It transpired during the discussion of the case that the respondent had actually resigned his seat. The respondent was thereupon asked to give his deposition. It appeared from his deposition that he was aware of the petition and the date of hearing and that he left the case to be decided by the Commissioners under the idea that they would examine the materials and give their decision. It also appeared that the respondent, though ill, was not so seriously ill as to be unable to appear before us or inform us what his answer was as to the allegations of the petitioner. The respondent had obviously changed his mind. We held in these circumstances that no case of extending the time had been made out and we rejected his prayer for an adjournment.

The respondent filed a written statement. It does not make out a case for an enquiry. Briefly the written statement amounts to this that the respondent suspects some foul play at the polling station of Mahanadpur where these votes were recorded. In the first place mere suspicion is not enough. In the second place the idea of a plot must be discarded since it resulted in the respondent's favour. Then it appears that the polling officer has admitted his responsibility. This is admitted in paragraph 12 of the written statement. We are therefore not called upon to embark on an investigation as desired by the respondent.

The election petition then must be decided on the issue whether the ballot papers stamped with the official seal indicative of the Legislative Assembly were rightly rejected or not. The learned Vakil for the respondent contends that they were rightly rejected because the proper seal was not used. There is a prayer in the alternative that a fresh election might be ordered. The election did take place and the only question before us is which of the two candidates had a majority of votes. We cannot therefore direct a fresh election.

For the petitioner, Halsbury's Laws of England, Vol. XII, page 517, was quoted. The case of *Cirencester* 4, O.M. and H. 195 is the case in point. It was held that where the evidence is that the presiding officer has intended to make and has in fact made what fairly looked at indicates that a recognisable official mark is upon the back of the ballot papers, the ballot paper is not to be rejected for want of the official mark. As observed by the learned Vakil for the respondent, this does not help us. Then the question was whether any official mark was used at all. Here we have a case where a wrong official mark was used. There is no guide for us in the English cases for apparently no such case ever occurred in England. We propose to follow the rule of equity and good conscience. The law that a ballot paper must be rejected which has not on its back the official mark was designed to set at rest the question whether the particular ballot paper was issued by the polling officer. Here there is no doubt that these ballot papers were stamped by the polling officer with a wrong official seal and issued to the voters. We hold that the votes recorded in these ballot papers in the petitioner's favour should be counted for the petitioner unless otherwise invalid. We have carefully examined the rejected ballot papers and we find that there was a clear majority of votes in favour of the petitioner. We hold therefore that the election of Maulvi Raiuddin Ahmed should be declared void and should be set aside under section 44 (clause C). We hold that the petitioner should be declared to be duly elected to the Bengal Legislative Council.

In the peculiar circumstances of the case we recommend that the parties should bear their own costs.

STATEMENT OF OBJECTS AND REASONS.

The law relating to tolls on public roads and bridges in British India is now contained in five Acts of the Legislature. The Bill brings these provisions within the scope of a single enactment. The first Act passed was Act VIII of 1851, which applied in the first instance to the territories administered by the Governor of the Presidency of Fort William in Bengal, the Lieutenant-Governor of the North-Western Provinces, and the Governors of the Presidency of Bombay and of Fort Saint George in Council. As regards Bombay the Act was repealed by the Bombay Tolls Act, 1875, which regulates the levy of tolls in that Province. Act XV of 1864 gave power to extend that Act and the Act of 1851 to the Local Government. The Indian Tolls Act, 1888, declares that the Acts just cited were in force in the Punjab. The only other Act that need be referred to is the Lansdowne Bridge Act, 1892. The Lansdowne Bridge is a bridge over the Indus which was made and repaired at the expense of the Government of India. Owing to the repeal by the Bombay Act previously referred to, doubts arose as to the power to levy tolls on this bridge. These were set at rest by the Lansdowne Bridge Act, and opportunity was taken at the same time to give general power to the Governor General in Council to levy tolls on bridges and roads made at his expense. It has been ascertained that tolls are no longer levied on the Lansdowne Bridge, and the specific provisions therefore regarding that Bridge have been repealed. The general provision is however reproduced as clause 11 of the Bill. It is perhaps necessary to explain that it has not been found possible to include the provisions of the Indian Toll (Army) Act, 1901, in the present consolidation. The law consolidated only relates to tolls on roads and bridges, while the scope of the Act in question is far wider and cannot be incorporated in the present Bill.

 - (ii) is being administered either by a receiver appointed by any Court of competent jurisdiction, or under a scheme for the administration of the trust which has been settled or approved by any Court of competent jurisdiction or by any other authority acting under the provisions of any enactment.

13. The Local Government may, by notification in the local official Gazette, exempt from the operation of this Act or of any specified provision thereof any trust or trusts created or administered for the benefit of any specified section of the Hindu community.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to make better provision for the management of Hindu Trust properties throughout India. It closely follows the language of the Mussalman Wakf Act of 1923 which makes a similar provision for the management of Mussalman wakfs. The reasons which have led the Legislature to pass the Mussalman Wakf Act apply *a fortiori* to Hindu religious and charitable trusts and, as the Central Legislature has protected the trusts of one community, it is necessary that it should also protect the trusts of the other community.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 1st February 1924:—

No. 2 OF 1924.

A Bill further to amend the Indian Coinage Act, 1906, for certain purposes.

WHEREAS it is expedient further to amend the Indian Coinage Act, 1906, for certain purposes hereinafter appearing; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indian Coinage (Amendment) Act, 1924.

Amendment of section 15, Act III of 1906.

2. In clause (b) of sub-section (1) of section 15 of the Indian Coinage Act, 1906 (hereinafter referred to as the said Act), for the words "notwithstanding anything contained in this Act or in any Act hereby repealed, but subject" the following shall be substituted, namely:—

"subject only to the provisions of section 15A and".

Insertion of new section 15A in Act III of 1906.

3. After section 15 of the said Act the following section shall be inserted, namely:—

Power to call in coin.

"15A. Notwithstanding anything contained in section 12, section 13, section 14 or section 15, the Governor General in Council may, by notification in the *Gazette of India*, call in, with effect from such date as may be specified in the notification, any coin, of whatever date or denomination, referred to in any of those sections, and on and from the date so specified such coin shall cease to be a legal tender save at a Government currency office:

Provided that the Governor General in Council may by the notification specify any later date up to which such coin shall continue to be a legal tender at any Government treasury."

STATEMENT OF OBJECTS AND REASONS.

The attention of Government has been drawn to the omission in the Indian Coinage Act, 1906, of any provision, such as exists in the English Coinage Act, for power to withdraw the legal tender attribute of coin. The result is that coin once legal tender is always legal tender under the Indian Law. When on occasion it becomes necessary to prevent the circulation of counterfeit coin of any particular denomination, the only action possible at present is to discontinue the re-issue of coin of that denomination from treasuries and currency offices, as has recently been done in the case of the 8-anna nickel coin, but this process is not completely effective since coins that do not come into the treasuries and currency offices continue to circulate as legal tender. It is therefore proposed, on the analogy of section 11 (5) of the English Coinage Act, 1870, to take power to withdraw, by notification, the legal tender attribute of coin of any denomination or date except the gold coins which are dealt with in section 11 of the Indian Coinage Act, 1906. This provision should, in the event of excessive counterfeiting of any particular denomination of coin, enable action which should effectually stop the circulation of counterfeits and should ensure a prompt withdrawal of the genuine coin. The right of the holder to obtain value for any genuine coin in his possession, even though it has ceased to be legal tender, is secured by the specific provision in the Bill that coin once issued shall always be legal tender at a currency office.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 21st February 1924 :—

NO. 10 OF 1924.

A Bill to provide that, when fire-arms are used for the purpose of dispersing an assembly, preliminary warning shall, in certain circumstances, be given.

WHEREAS it is expedient to provide in the manner herein-after appearing that warning shall, in certain circumstances, be given before an assembly is fired on for the purpose of causing such assembly to disperse; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Code of Criminal Procedure (Amendment) Act, 1924.

Insertion of
now section 131A
in Act V of 1898.

Use of fire-
arms.

2. After section 131 of the Code of Criminal Procedure, V of 1898, 1898, the following section shall be inserted, namely :—

“131A. Where under the provisions of this Chapter any person proceeds or determines to disperse any such assembly by the use of fire-arms the following rules shall also be observed :—

- (1) Fire-arms should be used only if such assembly cannot otherwise be dispersed, and no fire-arms should as a rule be used except on the written authority of a Magistrate of the highest class available on the spot : Provided that, when immediate measures should be taken to prevent imminent danger or injury of a serious kind to the public, the senior-most Police or Military officer present on the spot may give the written authority instead and the same shall be communicated to the nearest Magistrate forthwith.
- (2) Before the assembly is fired upon the fullest warning should be given by all available means to the assembly that, unless it disperses within a given time, it will be fired on.
- (3) The person given the authority to fire shall ordinarily give such interval between the warning and firing as he considers sufficient in all the circumstances of the case.
- (4) A full report of the occurrence shall be made in all cases when such assembly is dispersed by the use of fire-arms to the nearest first-class Magistrate within twenty-four hours of the occurrence, and such report shall be a public document.
- (5) If the person is himself a first-class Magistrate, his report shall be made to the District Magistrate, and, if the person is a District Magistrate, his report shall be made to the Local Government.
- (6) Notwithstanding anything contained in section 132, any person injured by the use of fire-arms or any parent or guardian, husband or wife of a person killed by the use of fire-arms may make a complaint against any person for any offence committed by him by reason of any act purporting to be done under this Chapter.”

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to give effect to the principles stated in the Resolution moved by the Hon'ble Mr. V. Srinivasa Sastri on the 3rd March 1921, in the Council of State, viz., that when fire-arms are used for the purpose of dispersing an assembly, preliminary warning should be given and certain procedure should be adopted.

A Bill to give effect to a portion of the Resolution was introduced in the Council of State by the Government of India and passed there in August 1921. When the Bill as passed by the Council of State was presented to the Assembly for consideration, I then gave notice of the amendment as contained in this draft. The Hon'ble the Home Member took permission of the House in September 1921 to withdraw his motion in order to consider the amendment and bring it up again, if so advised. The Government decided to drop the Bill altogether, and did not make any further motion. It is necessary and desirable that legislative safeguards should be provided against the indiscriminate use of fire-arms for the purpose of dispersing an assembly.

DEPARTMENT OF AGRICULTURE, BENGAL.

Forecast of the Rabi Crops of Bengal for 1923-24.

(NOTE.—On an average of the five years ending 1921-22, the area under summer rice in Bengal has represented some 0.5 per cent. of the total area under rice in British India.)

Character of the season.—The rainfall in September and October was sufficient for field operations and for the sowing of early varieties, which began at the normal time. Slight showers during the first half of November helped germination, but since then almost continuous drought has seriously affected the growth of the crops in many parts of the province. Light rainfall in January, though favouring the transplantation of summer paddy to some extent, was inadequate to materially improve the prospects of other crops. Moreover, summer rice now needs good rain. On the whole, the season has been an unfavourable one.

Acreage.—The normal area under the different *rabi* crops in the province dealt with in this forecast is estimated at 2,999,300 acres. The area actually sown this year is reported to be 2,617,500 acres against 2,787,200 acres last year. Of this the area under summer (*boro*) rice is returned at 407,900 acres against 403,200 acres of last year.

Outturn.—According to the estimates of District Officers the outturn of the different *rabi* crops for the province as a whole works out to 74 per cent. of the normal against 79 per cent. of last year, the returns from the more important *rabi* districts being as follows:—

Nadia 56, Murshidabad 60, Jessore 50, Khulna 77, Burdwan 73, Midnapore 66, Rajshahi 54, Jalpaiguri 93, Rangpur 100, Pabna 50, Malda 78, Dacca 76, Mymensingh 60, Faridpur 82, Bakarganj 88, Tippera 77 and Noakhali 100.

Summer rice crop.—The outturn of summer rice according to district estimates is 75 per cent. of the normal against 80 per cent. last year. The gross yield of the crop for the province, on the basis of a normal yield of 14 mamuds of clean grain per acre, is thus estimated at 157,300 tons this year against 165,900 tons last year.

PARSA.	Barley	5,600	2,900	2,900	67	50	Beginning of November.	Not yet commenced.	The decrease in area as compared with last year under most of these crops is due to shortage of cultivation in the Chhatmohar police-station, where owing to failure of paddy crops on account of flood a larger area was sown last year. The weather was favourable for the cultivation but not so during the period of growth for wheat as seasonable rainfall which has considerably reduced the outturn.

Election Case No. $\frac{3}{7}$ of 1924.

Maulvi Mahmud Suhrawardy

versus

Maulvi Zanoor Ahmed.

Report.

This is a petition of Maulvi Mahmud Suhrawardy against the election of Maulvi Zanoor Ahmed from the Burdwan Division South (Mahomedan) Constituency. The latter was elected by the narrow majority of three votes. The petitioner asked for a scrutiny and recount on certain grounds. The respondent filed a recrimination petition under Rule 42 of the Bengal Electoral Rules after depositing the security required under Rule 35 and intimated that he would give evidence that the election of the petitioner would have been void if he had been the returned candidate.

Issues were framed and witnesses examined. We were considering whether the petitioner had made out a *prima facie* case for a scrutiny and recount when the petitioner filed an application for leave to withdraw from his petition. The respondent did not oppose the petition of withdrawal. He in his turn gave up his petition of recrimination. The parties agreed to bear their own costs.

The petitioner stated that he was in bad health and that he realised that his petition involved a prolonged enquiry, which he was unable to attend to. We examined the petitioner and the respondent and we are satisfied that the petition of withdrawal has not been induced by any bargain or consideration. We therefore allow the petition to be withdrawn. We recommend that the parties should bear their own costs.

Election Case No. 2 of 1923.

Rai Bahadur Bisweswarlal Halwasya

versus

Babu Rang Lal Jajodia.

REPORT.

The facts leading up to the present election petition are as follows:—The Bengal Marwari Association of Calcutta, an Indian Commerce Special Constituency, was called upon to elect a member to the said Legislative Assembly. The 8th October 1923 was fixed as the date for the nomination of candidates, and 11th October 1923 as the date for the scrutiny of the nominations for the said Constituency. Babu Rang Lal Jajodia was the Joint Secretary of the Marwari Association. The Joint Secretary of the Marwari Association was specified in the second column of Schedule I of the Bengal Legislative Assembly Electoral Regulations as the Returning Officer. The Personal Assistant to Secretary, Bengal Marwari Association, was specified in the third column of Schedule I as the person authorised to perform all or any of the functions of the Returning Officer. It appears that Babu Rang Lal Jajodia was also the registering authority and the electoral rolls were originally prepared by him. In the Marwari Association, firms and companies are members and many of these were put on the electoral roll. Apparently about two-thirds of the names, roughly speaking, on the roll are those of firms while the remaining names are those of individuals. On the 7th October Babu Rang Lal Jajodia resigned his office as Joint Secretary of the Marwari Association. He sent also a telegram to the Government of Bengal resigning his office as Returning Officer. On the 8th October there were only two candidates, the petitioner and the respondent Babu Rang Lal Jajodia. The nomination papers were received by the Personal Assistant to the Secretary. The nomination paper of the petitioner Rai Bahadur Bisweswarlal Halwasya was subscribed by himself. The proposer and seconder were, however, two firms whose names appeared on the electoral roll, viz., Messrs. Hurmukbrai Sanairam and Messrs. Shewdayal Ranjeedas. The senior partners of these firms signed the names of the firms on the nomination paper. On the 11th—the date of the scrutiny—objection was raised by the respondent that the petitioner's nomination was bad inasmuch as the nomination paper had been subscribed by two firms and not by individuals as proposer and seconder. The petitioner in his turn challenged the nomination of the respondent on the ground that, the latter himself being the Returning Officer of the Constituency, he was not eligible to stand as a candidate. Babu Jatindranath Banerjee, the Personal Assistant to the Secretary, Marwari Association, overruled the objection of the petitioner and upheld the objection of the respondent and he declared Babu Rang Lal Jajodia as duly elected from the Constituency. The petitioner thereafter filed his present application. His contention is that firms can be electors and can vote and firms can nominate a candidate for election. It is also pleaded that the respondent was not entitled to resign his office and stand as a candidate. It is further contended that if he could and did resign, the Constituency was without a

Returning Officer and that therefore Babu Jatindranath Banerjee acted without jurisdiction. It is pointed out that the Bengal Government had no authority in this election matter and the telegram to the Government of Bengal is of no value. It is shown that the office of the Returning Officer was not filled up by the Government of India till the 27th October 1923. It was stated that the office of the Joint Secretary of the Marwari Association has not yet been filled up.

The following issues were framed by us:—

1. Up to what date was Rang Lal Jajodia a Returning Officer?
2. Can a Returning Officer be a candidate for election?
3. If there was no Returning Officer after the 7th October, what was the effect on the election proceedings?
4. Was there any acquiescence in the proceedings before Babu Jatindranath Banerjee on the part of the petitioner? If so, what would be its effect?
5. Was the nomination paper of the petitioner in order?

Issue No. 1.—It was argued that the Marwari Association had not accepted the resignation of Babu Rang Lal Jajodia. It does not seem that the acceptance of resignation is necessary. Subject to any provisions in the rules to the contrary, a member may resign at any time and he ceases to be a member. Halsbury, Vol. IV, p. 414. "A member may retire at any time and he ceases to be a member" (1896, 1 Chancery, p. 409). Questions may arise about his liability but that is a different matter. It is not shown that there is anything in the rules of the Marwari Association which prevented the respondent from resigning his office as Joint Secretary. He was appointed Returning Officer not by name but by virtue of his office. Our conclusion therefore is that Babu Rang Lal Jajodia ceased to be Returning Officer after the 7th October.

Issue No. 2.—There is nothing in our Electoral Rules and Regulations which bars a Returning Officer from standing as a candidate. The matter has been placed on a statutory basis now in England and perhaps this should be done in India. The Rule is that when a Returning Officer stands as a candidate he must refrain from doing anything in such capacity. It is not said that the respondent did any act as Returning Officer after his resignation. It may be said that he should have resigned before. Parker at page 6, summarises the English Law—"If all the duties of Returning Officer are discharged by the acting Returning Officer the former is not disqualified for being a candidate by reason of being Returning Officer". Our answer therefore is in the affirmative.

Issue No. 3.—There was no Returning Officer on the 8th October 1923 in this Constituency. Under Schedule I of the Regulations however Jatindranath Banerjee was empowered to do all the duties of the Returning Officer. It is pointed out that under Regulation 3 he could only act under the control of the Returning Officer and that he could not receive nomination papers and hold a scrutiny unless the Returning Officer was 'unavoidably prevented' from performing these functions. The words in an English case were "incapable of acting" and Lord Campbell thought that they might cover a case of this kind. Queen v. Owens, Vol. 121, English Reports, p. 36. The Personal Assistant had not usurped the office. He took up his duties when the Returning Officer became incapable of acting. "Want of title in the person acting as Returning Officer will not vitiate an election which is otherwise valid". Parker, p. 61. "Elections made under usurping Returning Officers when there has been the form of an election have been uniformly supported" (Heyw. B. 62). Turning to the Bengal Electoral Rules it would appear that non-compliance with the Rules and Regulations is not enough. The petitioner has to show that the result of the election has been materially affected by such non-compliance. If the petitioner's nomination was bad, his name goes out on that ground. If the nomination was good he succeeds on that ground and not by reason of the fact that the Personal Assistant acted as the Returning Officer. We hold therefore that the petitioner cannot succeed on this ground.

Issue No. 4.—It does not seem necessary to discuss the question of acquiescence in the form raised in the issue and we therefore refrain from entering into it.

Issue No. 5.—This is the main controversy in the case. It would appear that before the Returning Officer it was taken for granted that firms could be on the Electoral Roll but the contention was raised that the proposer and seconder under the Rules and Regulations must appear on the roll as a natural person. It is conceded by the learned Vakil that a candidate must be a natural person. While investigating the matter it was borne upon us that the question went to the very root of the matter and that it is necessary to decide whether firms can be registered on the Electoral Roll at all.

A similar question was raised in the Election Petition of Babu Anulyadhone Addy against the election of Mr. Byomkesh Chakravarty from the Bengal National Chamber of Commerce Special Constituency to the Bengal Legislative Council. The report of the Commissioners has just been submitted in that case. Two of us were parties to the report. We think it unnecessary to discuss the question again at length. We append hereto a copy of a report in that case which we accept and approve.

There is some difference in the Schedule II which gives the qualifications of the electors. The residence clause is not there. In the explanation the words "if no such partner is present in Calcutta at the date of the election" are not mentioned. Schedule II, paragraph 9, stands thus— "Members of.....the Marwari Association shall be qualified as electors..... for the constituency comprising the association of which they are members."

“Explanation.”—For the purpose of this paragraph ‘member’ includes any person entitled to exercise the rights and privileges of membership on behalf and in the name of any firm, company or corporation registered as a member.” We are of opinion that the Legislature laid it down how the firm can be represented on the electoral roll, viz., by a partner, member of the firm, director and so on. It was urged that firms are members of the Marwari Association and that Schedule II, paragraph 9 does not exclude firms. We must however read the Schedule II along with the other rules and they clearly lay down that it must be a natural person representing the firm who can be on the Electoral Roll or who can exercise the right to vote and to nominate. The disqualifications mentioned in Rule 7 can be predicated only of a natural person and Rule 7 governs Rule 8 (2). The learned Vakil is forced to concede that the candidate for election must be a natural person seeing that he must give his own name and his father’s name and state his age and when elected he must take the oath. The cases of the elector and the proposer and the seconder stand on the same footing. We think that the word “person” has the same meaning in all these Rules and Regulations and that it means a natural person. Rule 11 (4) lays down that “any person whose name is registered in the Electoral Roll of the Constituency and who is not subject to any disability stated in Rule 7 may subscribe as proposer and seconder.....” In the present case the proposer and seconder were firms. We hold that they must be individuals or natural persons. The nomination paper of the petitioner was not in order and we think it was rightly rejected.

The learned Vakil contended that the Electoral Roll was final not only for the Returning Officer but also for this court and he referred to Regulation 20 (2) and to the case of *Stowe v. Jolliffe*. The last case merely is an authority for the proposition that the Election Court cannot go behind the Electoral Roll in considering the qualifications. It is open to the court and it is the function of the court to see whether disenfranchisement would occur in the cases of persons prohibited from voting, etc., by the Statute. Regulation 20 does not stand in our way. Regulation 20 (2) (a) is explicit and we have still to see whether the proposer and seconder is disqualified under Sub-Rule (4) of Rule 11. To say that we are concluded by Regulation 20 is simply to beg the question as to whether a firm is an elector.

The authorities who framed the Electoral Rolls in these Commerce and Industry Constituencies apparently proceeded upon the fact that because firms and companies were members of the Chamber or Association they were entitled to be on the Electoral Roll. We have examined the Rules and Regulations from every point of view and the conclusion is irresistible that it was not contemplated by the legislature that an elector can be other than an individual and that it was intended that the firms would exercise their franchise through a member or partner or representative who would be on the Electoral Roll.

Our conclusion therefore is that the nomination paper of the petitioner was rightly rejected and the respondent the returned candidate was duly elected.

The election petition must therefore be dismissed. There remains the question of costs. We were reminded of the fact that it was the respondent who was the registering officer in this Constituency and that it was at the last moment that he resigned his office and stood as a candidate and raised objections to the petitioner’s nomination. In these circumstances we recommend that the parties should bear their own costs.

**Mr. Byomkesh Chakravarty.
Raja Reshee Cuse Luw, C.I.E.
Mr. Murali Dhar Roy.**

REPORT.

This election petition concerns the Bengal National Chamber of Commerce Special Constituency. It appears that a number of firms are members of the Bengal National Chamber of Commerce. When the Electoral Roll of this Special Constituency was prepared, 118 firms or companies were placed on the roll out of a total of 180. Sixty-two persons were entered by their names as electors. There were four candidates on the date of the election to the Bengal Legislative Council. Mr. Byomkesh Chakravarty and Raja Reshee Case Law obtained a majority of votes and were declared elected. The petitioner was an unsuccessful candidate. He filed the present application making the other three candidates parties. There was no allegation against Raja Reshee Case Law and Mr. Murali Dhar Roy, the respondents Nos. 2 and 3. Mr. Murali Dhar Roy did not appear. Raja Reshee Case Law appeared on the first date but as the petition was not pressed against him he was allowed to depart.

The petition proceeded only against Mr. Byomkesh Chakravarty. The main contention raised by the petitioner is that Mr. Chakravarty is not entitled to be a candidate by reason of the fact that his name does not appear on the Electoral Roll, though the Bengal National Bank Limited of which he is a director is on the roll. The petitioner also pleaded that firms and companies are not entitled to be registered as electors in the Electoral Roll and all votes purporting to have been exercised on their behalf ought to be rejected. Certain other allegations were made, but it is not necessary to mention them as they were not pressed. The reply of Mr. Byomkesh Chakravarty is that the petition is out of time, that the petitioner, not having objected to his nomination at the scrutiny of the nomination papers, has waived his right to question the nomination and election, that the Bengal National Bank Limited is an ordinary member of the Constituency known as the Bengal National Chamber of Commerce Constituency and is therefore rightly registered as an elector and that he as Director of the aforesaid Bank is duly qualified to be nominated and elected and returned as member of the Bengal Legislative Council. It was mentioned that in other Commerce and Industry Constituencies firms and companies are registered as electors in the rolls of such constituencies. The following issues were framed by us:—

- (1) Is the petition barred by time?
- (2) Was Mr. Byomkesh Chakravarty properly nominated in view of the fact that his name does not appear in the electoral roll?
- (3) Were there any votes improperly received—
 - (1) either because they were votes given by firms and companies?
 - (2) or because the votes were tampered with?
- (4) Was Regulation LVI complied with? If not, was the result of the election materially affected thereby?

At the time of the hearing the petitioner gave up issues 3 (2) and 4 but an additional issue was framed as follows:

- (5) Has the petitioner waived his right, if any, to question the nomination, election and return of the respondent?
Has he acquiesced in the correctness of the Electoral Roll and is he precluded from now questioning its correctness?

Issue No. 1.—The election petition was filed on 2nd January 1924. Mr. Chakravarty filed the return of his election expenses on the 14th December 1923. It appears that the intervening days between the 28th December 1923 and 2nd January 1924 were notified by the Local Government as days to be observed as holidays in Government Offices. We have examined the notification and we have no hesitation in holding that the petition is in time.

Issue Nos. 2 and 3.—Rule 8 (2) of the Bengal Electoral Rules states that the qualifications of an elector for a special Constituency shall be the qualifications specified in Schedule II in the case of that Constituency. Turning to the Schedule II, 13 (2) we find that "*life and ordinary members of the Bengal National Chamber of Commerce..... shall be qualified as electors for the Constituency comprising.....the Chamber of which they are members.*"

Provided that no person shall be so qualified who has not a place of residence in India.

There is an explanation which runs:—

"Explanation—Member, life member, ordinary member include—

- (a) in the case of a firm, any one partner in the firm, or if no such partner is present in Calcutta at the date fixed for the election any one person empowered to sign for such firm, and
- (b) in the case of a company or other corporation any one manager, director or secretary of the company or corporation."

These qualifications are not enough to get the elector on the Electoral Roll. To be entitled to have his name registered "the person" must have the above qualifications and must not be subject to the disabilities of minority, lunacy and so on. Rule 7 (1) governs

Rule 8(2). Rule 10 again lays down that the person registered on the Electoral Roll shall be entitled to vote, but not if he is subject to the disabilities mentioned in Rule 7. Rule 6 (b) says that no person shall be eligible for election as a member of the Council to represent a special Constituency *unless his name is registered on the Electoral Roll* of the Constituency and to be fit for election under Rule 5 he must be a British subject, not a female nor a lunatic nor a bankrupt nor an unpardoned ex-convict and so forth. Various other Rules and Regulations including Regulation XV have been referred to and have been considered by us. We cannot but come to the conclusion that the legislature intended that it was a natural person who should have the right to be on the roll and to vote or nominate or be a candidate. We had the advantage of hearing the learned Advocate General in the case and he has admitted that if the word "person" is construed strictly the idea of a firm being on the Electoral Roll must be discarded. We cannot go to the General Clauses Act or the English Interpretation Act for the proposition that a person includes an association. It is our duty to construe the law in question here. It is an accepted canon of construction that unless there is something in the context to the contrary, the same word has the same meaning. The explanation in the schedule means no more than that a firm must exercise the franchise through a partner or representative. It seems that by the constitutions of these Chambers and Associations firms and companies can be members of these bodies, but we do not consider that the legislature intended to put firms and companies on the Electoral Roll.

Learned Counsel Mr. H. D. Bose appearing for Mr. Chakravarty wished us to lay stress on the Schedule II, paragraph 13 and he contended that firms and companies can come in. He argued that since firms can be on the Electoral Roll and persons who make up the firm are on the Electoral Roll and that therefore a partner can be eligible for election.

The learned Advocate General confessed that the Rules were not very clear but wished us to adopt a view if we could which would reconcile the law to the existing state of things. He urged that the legislature must have been aware of the constitutions of these associations and chambers and that the draftsman who drew up the rules made the mistake of not making things clear. It was argued by him that since firms can only work through a representative it might be taken that the disabilities which can be predicated only of a natural person were meant to apply only to the representative of the firm. It was pointed out that in these commerce and industry constituencies there is no ballot and the electors need not appear in person and that the voting papers are sent to them and returned by them to the returning officer.

There is nothing necessarily unreasonable in firms being put on electoral rolls, being allowed to vote and nominate and being even candidates for election, but we venture to think that if this was the intention of the legislature, the legislature would have made rules to carry out the idea. Firms being artificial persons can only act through a natural person. The question is: did the legislature intend that the representative of a firm should be allowed to vote and stand for election without being on the Electoral Roll? Learned Counsels are really assuming that by Rule 8 read with Schedule II firms were meant to be electors and then asking us to interpret the other rules in this light. But if we consider the rules and the schedule, the qualifications with their provisos and explanations, the disabilities which electors must not be subject to and the rule that no votes shall be received by proxy, there is no escape from the conclusion that it is the partner or representative of the firm who should be on the roll and be able to stand for election.

We must not be led into absurdities. Females, lunatics, minors and aliens cannot be electors, but we are to hold that if they join with one another they should be "deemed" as electors. It was suggested by Mr. Bose that they may remain on the Electoral Roll thus formed as firms but the disabilities might be considered when they exercise their right to vote. The disabilities have to be taken into account under Rule 7 when persons are to be put on the roll or during the period allowed for objections thereto.

Consider for a moment again where the proposition that a firm can be a voter, will lead us. It is the elector eventually who becomes a member of the Council. Does the firm become member of Council? Certainly not. The candidate has to give the name of his father and his age and if elected he is to take the oath. If he dies, resigns or goes away, etc., the Constituency is called upon to elect another person. If the argument be that a firm is an elector then the firm is eventually the elected person and there is nothing to prevent the different members A, B, C of a firm sitting in the Council on different dates. Learned Counsel will not face the logical conclusion. It was urged by Mr. Bose that once elected the member is not bound to obey the commands of his Constituency. That is so, but if you say the firm is the elected person then why should not the firm exercise its right in Council through different representatives? Very likely in these Associations and Chambers firms act in this fashion. Different partners might vote on different dates. That is not possible in the Bengal Legislative Council. The elected person is there for the life of the Council. He has years and he has a father and he has to take the oath. Learned Counsels are therefore forced to admit that when it comes to the question of election to the Council the candidate must be a natural person. If we follow the rules down to the election the conclusion is that candidate must be on the Electoral Roll. The question of an elector or a proposer or a seconder stands on the same footing.

With great respect to the learned Advocate General we cannot follow him in his contention. We cannot add and subtract to bring the law into conformity with the way

the Electoral Roll has been prepared. "We are not entitled" said Lord Loreburn (Vickers and Evans 79 L. J. K. 1955) "to read words into an Act of Parliament unless clear reason for it is to be found within the four corners of the Act itself." The learned Advocate General wishes us to leave out the proviso clause about residence in the schedule and leave out the disqualifications as affecting firms and add that this proviso and these disqualifications refer to a representative of the firm who is not himself on the roll. "Nothing is to be added to or to be taken away from a statute, unless there are adequate grounds to justify the inference that the legislature intended something which it omitted to express" (Tindal C. J. in *Everett vrs. Wells* 2 M and Gr. 277 and Lord Eldon in *Davis vrs. Marlborough* 53 R. R. 29).

• It was mentioned that the contention of the petitioner if given effect to will cause great hardship. The hardship consists in the fact that in these commerce and industry constituencies firms have been put on the Electoral Roll. We learn that there are only three individuals on the roll of the Bengal Chamber of Commerce and one on the roll of the Trades Association. The electoral rules seem to provide for a revision when the roll is very defective. The argument of hardship is a dangerous one to listen to. Courts ought not to be influenced or governed by any notions of hardship. "They must look hardships in the face rather than break down the rules of law." (Jessel in *Ford vrs. Kettle* 9 Q. B. D. 139). Even if there were anything to suggest aforesaid that it was the intention of the legislature to put firms on the Electoral Rolls we are not at liberty to speculate. Our business is to construe not what the legislature meant but what its language means. We expound but we do not improve the statute. We are to remember as Lord Bacon said that our office is "*jus dicere*" not "*jus dare*." The law as laid down in these rules is not unreasonable nor inconsistent nor unjust and the natural construction cannot be departed from merely because it may operate with hardship or injustice in some cases.

There is one sentence in the explanation to paragraph 13 of Schedule II which has been made much of. Let us repeat it. "Members, etc., include (a) in the case of a firm any one partner in the firm or if no such partner is present in Calcutta at the date fixed for the election any one person empowered to sign for such firm." It looks at first sight as if the legislature contemplated a fluctuating body. Mr. Bose argues that it gives power to a firm to put up a representative for election if a partner is absent from Calcutta. Logically it follows that even though some one else has been nominated, if he is absent on the date of election, the firm might put another person for election. The learned Advocate General thinks that this would be going too far and that at the date of the election, as only the right to vote is left, the firm might exercise the right to vote by a representative other than a partner. The meaning of the sentence has not been very clearly expressed, but we have to look to the rest of the statute to construe it. If the firm has already put forward a candidate who has been nominated but who has had to leave Calcutta, it cannot be that the firm can say that it will have some other representative in his place. The returning officer will under the rules reject him at once as not having been nominated at all. We have seen and it is conceded that when it comes to election the candidate must be an individual. The date of final publication of the electoral roll is not very long ahead of the election that is going to take place and the date for lodging claims can be extended by Reg. XI and our interpretation is that the sentence means that the firm would know beforehand if the partners are going to be away and they can put forward a person empowered to sign for such firm as the elector in the Electoral Roll. The word 'include' only enlarges the meanings of phrases and words and here it only extends the power of the firm to put forward a representative other than a partner. The very explanation if considered along with the rules shows that it is not the firm which is to be on the Electoral Roll but the partner or the representative. If the contention of the learned Counsel be correct the explanation was unnecessary.

We are fortified in this view by a consideration of the Electoral Rules in the other Provinces. We take them from Hammond's Book Take Bombay. The rule for the local council is that "a person shall be qualified as an elector for a commerce and industry constituency whose name is entered in the list of members, for time being in force, of the association forming such constituency or who is entitled to exercise the rights and privileges of membership on behalf of, and in the name of, any firm or company or corporation entered in such lists of members." The Assam and C. P. Rules are precise and lay down that the person is to be authorised by the firm as well. It is clear that a natural person is meant. An examination of the Council of State Rules leads us to the same conclusion. In the Indian Commerce Constituency of Madras the Rule is "every Indian and one *duly authorised representative* of every Indian partnership shall be qualified.....if such person has resided in the Presidency, etc." Clearly a natural person is meant.

In the very Schedule II of the Bengal Electoral Rules in the earlier part a distinction is drawn between a person and a firm and in cases of joint families it is laid down that the person qualified is the manager of the family. All throughout therefore it is the individual who can vote and who can stand for election. We hold therefore that the petitioner's contention must prevail. Mr. Chakravarty's name not being in the Electoral Roll, he was not properly nominated. We hold that the election of Mr. Byomkesh Chakravarty was null and void and that it should be set aside. We are of opinion that a fresh election should be held to fill the vacancy so caused.

No evidence has been produced before us as to the actual votes given and we are therefore not in a position to hold that any votes should be rejected because such votes were given by companies and firms. It has transpired, however, that the Bengal National Bank, Limited, nominated Mr. Chakravarty to contest the seat and empowered Mr. B. N. Banerjee to vote for the Bank. Mr. Bose argues that there is nothing to prevent a firm from exercising these separate rights. It is sufficient to say that in the view we come to the person who can exercise the right to vote must be on the roll and the procedure was incorrect.

Issue No. 5.—It was pointed out that the Electoral Rolls were prepared sometime ago. The rules contemplate the filing of objections. No objection was taken by the petitioner then or before the returning officer. All parties proceeded upon the basis that there was a valid nominated paper. The petitioner courted the election and has now come forward with his objection only after he has been unsuccessful. However morally wrong he may be, it cannot be said that there is any waiver. There is no question of estoppel. The petitioner does not seem precluded from raising his present objection. It is an objection which could be taken by any elector of that constituency. The objection goes to the very root of the matter. The Electoral Roll is final in certain matters, e.g., qualifications, but the question whether there is any disenfranchisement by the statute itself is one which can be raised before the Election Court (*Stowe vrs. Jolliffe* 1874 L. R. 9 C. P., p. 750). The issue is therefore decided in favour of the petitioner against the respondent.

It was suggested that in the event of our coming to the conclusion that firms cannot be electors the whole election should be set aside. We are unable to accede to this request. As stated before, the case was not pressed against Raja Rishoo Case Law and we do not think that we should touch his case. We think that on the pleadings and the placed before us the election of Mr. Byomkesh Chakravarty only should be set aside.

In the circumstances of the case we recommend that the parties do bear their own costs.

Delhi, the 19th March 1924.

RESOLUTION.

The Governor General in Council, with the sanction of His Majesty's Secretary of State for India, is pleased to direct that the following further amendments shall be made in the rules for regulating the grant by Local Governments of licenses to prospect for minerals and of mining leases in British India, published with the Resolution of the Government of India in the Department of Commerce and Industry, No. 7552-7581—121, dated the 15th September 1913, as subsequently amended.

(1) For rule 49 substitute the following :—

"49. The term for which a mining lease may be granted shall not exceed 30 years, but the lease may contain a clause permitting renewal for a period not exceeding 30 years on a dead and surface rent not exceeding twice the original dead and surface rent, respectively, the royalty payable being that which may on the day next following that on which the original lease shall determine, be in force under the orders of competent authority; in the case of iron-ore the original lease may also contain a clause permitting a second renewal for a further period not exceeding 30 years on a dead and surface rent not exceeding twice the dead and surface rent, respectively, fixed for the first renewal of the lease, the royalty payable being that which may on the day next following that on which the first renewal shall determine be in force under the orders of competent authority."

(2) For rule 50 (ii) substitute the following :—

"50 (ii). The lessee shall also pay for every year after the first year a fixed yearly dead rent at a rate not less than that laid down in Schedule C in Part IV of these rules; provided that no lessee shall pay both royalty and dead rent in respect of the same lease, but only such one of them as may be of the greater amount; and provided further in the case of leases for iron-ore that when a lessee is granted more than one such lease he may, if he so desire, claim that for the purpose of determining whether royalty or dead rent is payable, all such leases granted to him shall be treated as one concession. In that event he shall be liable to pay dead rent only when the sum of the royalties paid by him in respect of such leases for the year is less than the sum of the dead rents assessed under those leases or is less than such other amount as the local Government, having regard to the circumstances of the case, may fix as the combined dead rent in respect of all the leases; and the amount of dead rent so payable shall be the amount by which the sum of the royalties paid for the year falls short of the sum of the dead rent or the combined dead rent so determined."

(3) For rule 50 (viii) substitute the following :—

"50 (viii). Unless good cause exists for exemption from this condition, a question on which the decision of the Local Government shall be final, the lessee shall commence operations within one year from the date of the execution of the lease and shall thereafter carry them on effectually in a proper, skilful and mining-like manner. Should the lessee cease without such cause to work the mine for a period exceeding two years in such a manner as to produce sufficient mineral to earn a royalty at least equal to the dead rent, it shall be deemed a breach of this condition.

Note.—For the purpose of the first part of this condition such measures as the erection of machinery for the purposes of working the mine, although not necessarily on the land covered by the lease, or the construction of roads or tramways in connection with the mine, shall be deemed to be sufficient compliance with the requirement of commencing operations."

(4) In Schedule A for the item "Iron" substitute the following:

Iron-ore intended to be used for the extraction of iron.	One anna per ton of iron-ore during the year* for which the tariff valuation of imported pig-iron has been fixed at Rs. 65 per ton or less. When the tariff valuation exceeds Rs. 65 one anna will be added to the royalty rate for every increase of Rs. 15 or part thereof in the tariff valuation. Should the tariff valuation of pig-iron become fictitious owing to the cessation of imports or to any other cause, a point on which the decision of the Government of India shall be final, the market value of pig-iron for the purpose of the assessment of royalty shall be determined by the Government of India.
--	--

* *Note.*—Tariff valuation is fixed in December for the following calendar year, but the Local Government may, at their discretion, assess the royalty for the financial year beginning on the 1st April on the basis of the tariff valuation fixed in the preceding December.

Iron-ore in Burma when Half anna per ton of iron-ore, intended to be used solely for fluxing purposes.

ORDER.—Ordered, that a copy of this Resolution be forwarded to all Local Governments and Administrations for information and guidance, and that a copy be forwarded to the Foreign and Political Department and the Department of Education, Health and Lands, to Chambers of Commerce, to the Director, Geological Survey of India, and to the High Commissioner for India, for information.

Bills Introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 21st February 1924 :—

No. 12 of 1924.

A Bill further to amend the Indian Penal Code.

WHEREAS it is expedient further to amend the Indian Penal Code ; It is hereby enacted as follows :— XLV of 1860.

Short title. **1.** This Act may be called the Indian Penal Code (Amendment) Act, 1924. XLV of 1860

Amendment of section 375, Act XLV of 1860. **2.** In section 375 of the Indian Penal Code, in the clause marked *Fifthly* and in the *Exception*, the word "fourteen" shall be substituted for the word "twelve."

STATEMENT OF OBJECTS AND REASONS.

The Indian Penal Code, as originally enacted, prescribed ten years as the age of consent for sexual intercourse in the offence defined in section 375 of the Indian Penal Code. By the Indian Criminal Law Amendment Act (X of 1891), this age was raised to 12. In the last Assembly Mr. Bakshi Sohan Lal brought forward a Bill to raise this age from 12 to 14. It was defeated on its second reading. I revived his Bill in the July Session of the last Assembly, but the President ruled that, though I was in order in introducing the Bill, I would be out of order in taking it to a Select Committee. In this view the House rejected my motion.

The necessity for protecting minor children from illicit connection before maturity is obvious. Books on Medical Jurisprudence establish the fact that the age of puberty in India is attained by a girl upon her reaching the age of 14. Even though puberty may be reached at that age, it is obvious that girls are unfit for sexual cohabitation till they are older and more developed in physique and strength. The appalling infant mortality in the country is partially ascribed to early marriages and the consummation which follows with immature girls. It is, therefore, necessary not only for the protection of minor girls as also of their progeny that the age of consent should be raised to at least 14 years. This Bill is intended to provide for it. As the Bill has already been published and opinions of the Local Governments and the public collected, it will not be necessary to circulate it for eliciting public opinion, nor will it be necessary to refer the Bill to a Select Committee, as there is nothing that the Select Committee can alter, and the House as a whole has to decide whether it is or is not in favour of raising the age of consent from 12 to 14.

(b) in sub-section (2), for the words "shall be entitled to the refund of any passage-money he may have paid, subject to any conditions or deductions which may be prescribed" the following shall be substituted, namely :—

"shall, subject to any conditions or deductions which may be prescribed, be entitled to the refund of any passage-money which he may have paid, and of any deposit which he may have made in compliance with any condition prescribed for the purposes of section 208A; and the legal representative of every pilgrim who has paid for a return ticket or made such deposit and who has died in the Hedjaz or on the voyage thereto shall, subject as aforesaid, be entitled to the refund of half the passage-money paid by such pilgrim or of the whole of the deposit made by him, as the case may be."

Insertion of new
section 209A in
Act XXI of 1923.

8. After section 209 of the said Act the following section shall be inserted, namely :—

Cost of return

grims on ships
other than those

ticket is avail-
able.

"209A. (1) Where the possession by pilgrims of return tickets is prescribed as a condition for the purposes of section 208A, port-clearance shall not be granted to any pilgrim ship from any port in British India unless or until the master, owner or agent and two sureties resident in British India have executed in favour of the Secretary of State for India in Council a joint and several bond for the sum of ten thousand rupees, conditioned that, if any pilgrim provided with a return ticket issued in British India within the previous eighteen months is, owing to his inability to obtain accommodation on a ship for which the return ticket is available, detained at Jeddah for a longer period than thirty days from the day on which he presents his ticket to the British Consul at Jeddah, notifying his desire to embark for the return passage, the master, owner or agent aforesaid shall pay to the Local Government in respect of such pilgrim such sum not exceeding double the whole sum received by such master, owner or agent in respect of the return ticket as the Local Government claims as the cost of repatriating the pilgrim, together with a sum of one rupee for each day after the expiry of the thirty days aforesaid during which the pilgrim has been detained at Jeddah :

Provided that, for the purpose of computing the said period of thirty days, no period shall be taken into account during which the ship is prevented from carrying pilgrims on the return passage by reason of the port of Jeddah having been

declared by proper authority to be infected or by reason of war disturbance or any other cause not arising from any act or default of the master, owner or agent.

(2) A certificate of such detention purporting to be made and signed by the British Consul at Jeddah shall be received in evidence in any Court in British India without proof of the signature or of the official character of the person who has signed the same."

Amendment of
section 213, Act
XXI of 1923.

9. In sub-section (1) of section 213 of the said Act,—

(a) after clause (o) the following clause shall be inserted, namely:—

"(oo) the condition to be fulfilled by pilgrims for the purpose of securing their return passages to India, and any matter in respect of which provision is, in the opinion of the Governor General in Council, necessary or expedient by reason of the imposition of any such condition"; and

(b) in clause (g), after the word "passage-money" the words "and of deposits made in accordance with any condition prescribed under clause (oo) of this sub-section" shall be inserted, and to the same clause after the words "pilgrim ship" the words "and the refund of passage-money or deposits to the legal representatives of pilgrims who have died in the Hedjaz or on the voyage thereto" shall be added.

Amendment of
section 245, Act
XXI of 1923.

10. In sub-section (2) of section 245 of the said Act, after clause (b) the following clause shall be inserted, namely:—

"(c) the charging of fees for the grant of the certificate referred to in sub-section (1) of section 243, the amount of such fees and the manner in which they shall be recoverable."

STATEMENT OF OBJECTS AND REASONS.

For some years past the repatriation of destitute pilgrims from Jeddah has been a source of anxiety and recurring expenditure to the Government of India. The welfare of the Indian pilgrims, as a whole, has also been endangered by the presence amongst them of those who had not the means to perform the pilgrimage. Various attempts have been made from time to time to arrive at a solution of the problem on a voluntary basis but without success. In March, 1923, the Central Haj Committee resolved that, in view of the experience gained, the best remedy was to institute a system of compulsory return tickets, if necessary by legislation. The Government of India are convinced that a solution on the lines of compulsory provision for the return journey is the only one which will prove satisfactory. Clause 6 of the Bill is intended to give power to prescribe that no pilgrim, who intends to return to India after performing the pilgrimage, shall be allowed to leave from any port in British India unless he is in possession of a return ticket, or has deposited a sufficient sum to meet the cost of the return journey. Clause 8 deals with the period for which a return ticket is to be valid and the period of detention at Jeddah within which a pilgrim must be provided with a return passage. Clause 9 is intended to give the Governor General in Council a general rule-making power to regulate matters arising out of the introduction of a system of return tickets or deposits and to ensure their satisfactory working.

2. It is also proposed to take advantage of this opportunity to amend the relevant sections of the Indian Merchant Shipping Act, 1923, so as to dispense with obligatory call of pilgrim ships at Aden which is no longer necessary under modern sanitary conditions. Clauses 2, 3 and 4 of the Draft Bill give effect to this proposal. Clause 5 of the Bill is intended to empower Local Governments, with the previous sanction of the Governor General in Council by notification in the local official Gazette, to declare a period within which the carriage of pilgrims from a port in British India shall be unlawful. This provision is designed to prevent pilgrim ships from sailing after due date and thus to save pilgrims from the disappointment of arriving too late.

3. The Indian Merchant Shipping Act, 1923, does not at present permit the levy of any fees for inspection of the wireless installations on vessels. Recently fees for inspection where the installations have been found to be out of order have been imposed in the United Kingdom by the Board of Trade. It is proposed to take similar powers to permit the levy of fees in India under section 245 of this Act, and clause 10 of the Bill is intended to secure this object.

IRRIGATION DEPARTMENT.

NOTIFICATION.

No. 161.—*The 14th April 1924.*—In exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (P'engal Act V of 1864), the Governor in Council is pleased to make the following revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, with effect from the 10th May 1924, in supersession of all previous notifications on the subject:—

Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soorah at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhanga khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatah.

VII. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 71. of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below:—

Class I.—To include all vessels of the usual native types of build, including *sallees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements:—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of mannds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ mannds, any remainder of less than $12\frac{1}{2}$ mannds being rejected. In the case of vessels exceeding 500 mannds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 mannds, rejecting any remainder of less than 50 mannds.

D.—**Sallees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of mannds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed: Provided that the Superintending Engineer of the Southern Circle may at his discretion permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas four : Provided that for tickets on which the total tollage is less than five rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act, may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa : in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. Every vessel shall at all times have some responsible person on board whom the vessel is within the locked canals between toll stations or on Tolly's Nala.

15. Vessels passing through the canals shall keep in separate lines, in accordance with the rules in force as laid down by the Superintending Engineer, Southern Circle, from time to time.

16. No person shall deposit goods of any description on the berms of the canals between the frontage roads or towpaths and the canals, except during the actual process of loading or unloading vessels, without the previous permission of the supervisor.

17. Iron built cargo boats, with outside angle irons projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle irons so as to prevent them from causing damage to the lock.

18. No fire or open or unprotected light of any description shall be used on vessels containing petroleum, jute, hay or straw while in the Calcutta Canals or Tolly's Nala; and no fire or open or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals. No vessel which is obviously overloaded or unseaworthy will be permitted to proceed along any part of the canals until made safe to the satisfaction of the supervisor or his staff.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the supervisor and his subordinates shall offer every assistance in removing the same.

If three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take immediate steps to remove the same.

21. When a sunken vessel has been recovered, the supervisor shall cause notices to be posted at the locks, toll-offices, or other prominent places, calling on those concerned to pay to the collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo; should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section IX of the Act.

22. The purchaser of a vessel sold under the provisions of section IX of the Act shall have the right to take it out of the canals on the day of purchase, or within such time as may be allowed by the collector of tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the Act, or of these rules, the supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 23 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta newspapers.

25. Steamers are not allowed to tow flats or cargo boats in the Circular Canal, but may tow one flat or barge at a time astern in the New Cut Canal or Kristopore Canal within toll limits.

26. **Lights and signals.**—All vessels, whether travelling or moored in the Calcutta Canals or Tolly's Nala, must, between sunset and sunrise, carry a white light properly protected from the weather on the forepart of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the light prescribed above.

27. **Speed of vessels.**—Every vessel proceeding through the Calcutta Canals and Tolly's Nala must, between sunset and sunrise, limit her speed to three miles per hour.

28. For any contravention of rules 7, 11, 13, 14, 15, 16, 18, 19, 25, 26 and 27 the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

29. No boats will be allowed to remain in the entrance channels to the Dhapa and Chitpore Locks.

30. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

(2) Monthly tickets at ten times the ordinary toll as calculated under item 1 of the Schedule for entering the canals from the eastward will be issued to boats carrying passengers, vegetables and perishable goods for plying within the Circular, New Cut and Kristopore Canals. ***Bills Introduced in the Council of State and Legislative Assembly,
Reports of Select Committees presented to the Council
and Assembly and Bills published under Rule 18 of the Indian
Legislative Rules.***

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly :—

A Bill to amend the Imperial Bank of India Act, 1920.

WHEREAS it is expedient to amend the Imperial Bank of India Act, 1920, for certain purposes hereinafter appearing ;
It is hereby enacted as follows :—

Short title. 1. This Act may be called the Imperial Bank of India ^{XLVII} of
(Amendment) Act, 192 1920.

Insertion of 2. After section 13 of the Imperial Bank of India Act, ^{XLVII} of
new section 13A in Act XLVII of 1920. 1920, the following section shall be inserted, namely :—

Power of Bank
to grant loans to
certain other
Banks.

“ 13A. Notwithstanding anything contained in Schedule I, the Bank may, for the purpose of averting the winding up of any company which is a banking company within the meaning of section 13 and of which the capital is divided into shares, or, where any such company is being wound up, of facilitating the winding up, advance or lend money to, or open a cash credit in favour of, such company or the liquidators thereof, as the case may be, upon the security of the assets of such company.”

STATEMENT OF OBJECTS AND REASONS.

The Imperial Bank of India Act, 1920 (XLVII of 1920), contains no provision enabling the Imperial Bank to intervene effectively, without the assistance of Government, in a financial crisis, for the purpose of either averting the winding up of any banking concern or facilitating the winding up of any such concern. The absence of such provision was brought prominently to notice in the circumstances attending the failure of the Alliance Bank of Simla last year, and an undertaking was given on behalf of the Government in the debate in the Legislative Assembly on the 18th July, 1923, that the Government of India would consider the question of so amending the Imperial Bank of India Act, 1920, as to make it possible to do on any future occasion what the Imperial Bank was unable to do, without the intervention of Government, in the case of the Alliance Bank.

The object of the present Bill is to enable the Imperial Bank, with the object either of averting or of facilitating the winding up of any banking concern, to assist such concern by making advances to it or to the liquidators of such concern not only against the securities prescribed elsewhere in the Act but against its assets generally.

BASIL P. BLACKETT.

H. MONCRIEFF SMITH,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 21st February 1924:—

No. 11 OF 1924.

A Bill further to amend the Indian Registration Act, 1908.

WHEREAS it is expedient further to amend the Indian Registration Act, 1908: It is hereby enacted as follows:—

Short title and commencement.

1. (1) This Act may be called the Indian Registration (Amendment) Act, 1924.

(2) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Amendment of section 32, Act XVI of 1908.

2. To section 32 of the Indian Registration Act, 1908, the XVI of 1908 following *Explanation* shall be added, namely:—

“Explanation.—Presentation by any person shall be deemed to be by an agent duly authorised within the meaning of this section, if the executant is present and admits execution before the registering officer.”

STATEMENT OF OBJECTS AND REASONS.

In 37 Allahabad 49 Jambu Prasad v. Mahummad Aftab Ali Khan, the Privy Council have had to place a highly technical construction on the law relating to presentation of documents for registration which causes injustice to parties. Their Lordships have in 1922 (Patna 402) suggested that it is a matter for the Legislature to remedy. This Bill is intended so to remedy.

K. RAMA AIYANGAR.

The 6th January, 1924.

H. MONCREIFF SMITH,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 28th February 1924 :—

No. 17 OF 1924.

A Bill further to amend the Indian Registration Act, 1908.

Whereas it is expedient further to amend the Indian Registration Act, 1908, so as to enable some Sub-Registrars to exercise and perform the powers and duties of a Registrar to hold an inquiry on denial of execution; It is hereby enacted as follows :—

Short title and commencement.

1. (1) This Act may be called the Indian Registration (Amendment) Act, 1924.

(2) It shall come into force on the first day of January 1925.

Amendment of s. 7, Act XVI of 1908.

2. To section 7 of the Indian Registration Act, 1908, the following sub-section shall be added, namely :—

“(3) The Local Government may by notification declare any Sub-Registrar to be a Registrar within the meaning of the proviso to section 35, and all provisions contained in sections 74 to 77 which apply to documents presented for registration to a Registrar shall also apply to documents presented for registration to such Sub-Registrar.”

STATEMENT OF OBJECTS AND REASONS.

In some of the provinces Sub-Registrars are highly educated gentlemen. There is no reason why, if execution of a document is denied before such officers, they should not hold an inquiry as to execution, etc., and why the parties should be driven to the necessity of taking a formal order of rejection and then going to the Registrar for holding the inquiry.

The Bill is intended to enable Local Governments to allow Sub-Registrars to hold the necessary inquiry themselves.

Election Case No. 14 of 1924.

Rai Prasanna Kumar Das Gupta Bahadur ... *Petitioner,*

versus

Mr. Chittaranjan Das ... *Respondent.*

Report.

This is an election petition under rule 32 of the Bengal Electoral Rules and Regulations of 1923, presented by Rai Prasanna Kumar Das Gupta Bahadur of Bejgaon, district Dacca. He was a candidate for election from the Midnapore South non-Mahomedan Constituency. The only other candidate was Mr. C. R. Das. The Rai Bahadur personally delivered his nomination paper to the Returning Officer on the 2nd January 1924, the date appointed for nomination of the candidates. The nomination paper was completed in the prescribed form, except in one particular. The number of the candidate in the electoral roll of the constituency in which he was registered as an elector was not filled in. It appears that the Bengal Electoral Rules of 1920 did not require the insertion of this electoral roll number. The Rai Bahadur was not aware that that rule had been amended and came to learn of the amendment when filling up the nomination paper in the office of the Returning Officer. He wired to his brother at Bejgaon and also to the Subdivisional Officer of Munshiganj. His brother wired back the electoral roll number and his election agent Babu Srinath Das supplied it to the Returning Officer by a petition. The Subdivisional Officer of Munshiganj also sent a wire direct to the Returning Officer on the 3rd January 1924, supplying him with the Rai Bahadur's electoral roll number of his home constituency. The 4th January was fixed for the scrutiny of nomination papers. On that date the Returning Officer rejected the nomination of the Rai Bahadur on the ground that the omission to fill in the number of the candidate in the electoral roll was a vital defect. He found the nomination of Mr. C. R. Das in order, and declared him duly elected.

It appears, that the petitioner subsequently discovered that Mr. C. R. Das was at Bombay or Coconada on the 2nd January when his nomination paper was submitted. The petitioner wrote a letter to the Chief Secretary to the Government of Bengal in which he maintained that there was only a technical defect in his nomination paper while there was gross irregularity in the nomination paper submitted by Mr. C. R. Das. The petitioner was informed that his remedy lay in an election petition. The petitioner wrote again on the 22nd January 1924, and asked Government to take steps to remedy the irregularities. He added that he could not risk Rs. 1,000 to fight an election petition. He did not receive any reply. Thereafter he filed the present petition on the 2nd February 1924, averring that the defect in his nomination paper was only technical and pleading that, as Mr. C. R. Das could not have signed the declaration at the foot of the nomination paper after the nomination had been duly proposed and seconded, as required by law, and that as his signature must have been put on blank paper or forged, the nomination and election of Mr. C. R. Das may be declared null and void and he himself be declared to have been duly nominated and elected for the constituency.

During the trial Counsel for the petitioner offered to accept the statement of Mr. C. R. Das. Mr. C. R. Das filed a written statement annexing a statement of facts signed by him. Mr. C. R. Das stated that he left for Coconada on the 20th December 1923, but that before he left Babu Birendra Nath Sasmal and Mahendra Nath Maiti had approached him and proposed to nominate him from the Midnapore South non-Mahomedan Constituency and that the day before he left, he accepted the proposal and signed some nomination papers and left instructions to Babu Birendra Nath Sasmal to fill up completely one of the said nomination papers in all its details including the date which was to be the date appointed for the nomination, and that in pursuance of this arrangement Babu Birendra Nath Sasmal filled up the nomination form and signed in the place set apart for the signature of the proposer, and Babu Mahendra Nath Maiti put his signature in the place meant for the signature of the seconder. Mr. C. R. Das stated also that he left instructions to appoint Babu Birendra Nath Sasmal or himself (if Babu Birendra Nath Sasmal was unwilling to be the agent) as his election agent and deliver the same to the Returning Officer, after putting his signature under the clause "I hereby declare that I have appointed to be my election agent," and that Babu Birendra Nath Sasmal put in the word "myself" in pursuance of these instructions. The statement of facts was eventually accepted by the petitioner.

We should mention that at one stage of the case the learned Counsel for Mr. C. R. Das raised the contention that the petition was not *bond fide*, the suggestion apparently being that the Government had supplied the petitioner with funds to contest the election. The Rai Bahadur has given his deposition and he has stated that he paid the money from his own pocket. We need only say that, in our opinion, the suggestion is altogether unfounded.

Not unconnected with this plea was a petition asking for a stay of the proceedings on the ground that the respondent apprehended that he would not have a fair trial before us and that he wanted time to move His Excellency the Governor to appoint new Commissioners for the trial of the petition. Time was given. We were informed that such a petition was filed and before writing our report information has reached us that the petition was rejected. In this connection we only think it necessary to say that we did not see any grounds for such an apprehension.

We proceed to consider the merits of the case. The facts are not disputed now. The only question being whether the nominations of the two candidates were good or bad, we did not think it necessary to draw up any issues. The decision turns upon the interpretation of Rule 11(3) of the Bengal Electoral Rules. It runs as follows:—

"On or before the date so appointed for the nomination of candidates, each candidate shall either in person or by his proposer and seconder together between the hours of eleven o'clock in the forenoon and three o'clock in the afternoon, deliver to the Returning Officer a nomination paper completed in the form prescribed in schedule III and subscribed by the candidate himself as assenting to the nomination and by two persons as proposer and seconder, whose names are registered on the electoral roll of the constituency."

The learned Counsel appearing for the respondent has taken two legal objections to the petition of the Rai Bahadur. It appears that after the nomination of the petitioner was rejected, his election agent withdrew the deposit which has to be made under rule 12. The contention is that the Rai Bahadur accepted the decision of the Returning Officer and by withdrawing the deposit he is no longer a candidate. Under rule 32 an election petition may be filed by any candidate or elector. It was argued that the word "elector" means an elector of the constituency since it would be ridiculous for an elector in one constituency to complain about any irregularity in another constituency. We are disposed to agree, but we may point out that the rule, as framed, does not place any limitation on the word elector. The Rai Bahadur is still a candidate according to the definition of the candidate in rule 30(b) inasmuch as he claims that he was duly nominated and that his nomination paper was improperly rejected. It may be again that the petitioner accepted at first the decision of the Returning Officer. If, on consideration, or under legal advice he thought that the decision was wrong he cannot be precluded from questioning the election merely because of the fact that the deposit was returned to him. There is no question of estoppel. We are considering his position on the 4th January 1924. The deposit was there on that date and if it be found that he was duly nominated the case would be met by the Rai Bahadur redepositing the money. We hold that the petition is maintainable.

The second objection is that the nomination paper of the Rai Bahadur is invalid on its face. There are four defects in it. The constituency for which the candidate was nominated is mentioned as "South Midnapore" while it should be "Midnapore South non-Mahomedan". The constituency in which the Rai Bahadur was registered as an elector is described as "Munshiganj (Dacca)—Rural" while it should be "Dacca Rural non-Mahomedan." The name of the proposer is Srinath Chandra Das. It is put down as Srinath Ch Das, and he signed as Srinath Das. The fourth defect is the omission of the electoral roll number of the candidate. The Returning Officer considered the first three defects technical, but the fourth vital.

The mistakes in the description of the constituencies are slight, and we do not think that they could possibly mislead anyone. In respect of the third defect the learned Counsel has quoted the case of *Moorhouse versus Linney* (15 Queen's Bench Division, page 273), where a nomination paper was held to be bad, by reason of the fact, that the

elector subscribed as Charles Arthur Burman when he was entered on the register as Charles Burman. It was held that the discrepancy suggested that there might be two persons one called Charles Burman and another called Charles Arthur Burman. The statute it was said however in *Bowden versus Beshy* (21 Queen's Bench Division page 309), does not require that the subscriptions shall identically correspond with the entries of the names on the register. In the present case the identity of the proposer with the name on the electoral roll is not questioned. A Bengali with the name Srinath Chandra Das might sign himself as Srinath Das, or Srinath Chandra Das. The defect is very technical and carries no weight.

We have to see whether the omission of the electoral roll number of the petitioner is fatal or not. The learned Counsel for the respondent quoted the case of *Monks versus Jackson* (1 Common Pleas Division, page 683) for his argument, that the statute must be followed strictly. The statute said that the nomination paper must be delivered by the candidate himself or by his proposer and seconder. It was held that the delivery by an agent, therefore, will not do. In the present case the dispute is over the question whether it is essential that the form in schedule III should be filled up in every particular at the time of the delivery. The case of *Hobbs versus Mosey* (1 King's Bench Division, page 74) was quoted for the principle, that the court had to decide on the validity of the nomination paper itself. The English Law is that the decision of the Returning Officer if disallowing the objection is final, but it is not so, if the objection is allowed. It is subject to reversal on questioning the election (Parker, page 250). The Ballot Act lays down that no election shall be declared invalid by reason of non-compliance with the rules or any mistake in the use of the forms in the schedule, if it appears to the tribunal that the election was conducted in accordance with the principles laid down in the body of the Act. Commentators seem to be agreed that mistakes in the use of forms will not invalidate an election.

Turning to our law it has been recently held that the filling up of the date against the candidate's name is not essential (*S. N. Halder versus S. N. Mallik*). The case of *Maharajah Sir Manindra Chandra Nandi versus Hon'ble Probash Chandra Mitter* (also recently decided), was referred to for the proposition that the nomination paper must be complete on the day of the nomination. As we read that decision the principle laid down was that the candidate must be eligible on the date of the nomination. In the present case there was no question that the petitioner was eligible to stand as a candidate. Only he did not know his electoral roll number. In the rules of 1920 it was not necessary to give this number. He procured the roll number and the Returning Officer was placed in possession of that fact before the scrutiny. It may be mentioned that no objection on this point was taken on the side of the respondent at the scrutiny. The object of the information required to be furnished in the form is to allow the elector or the constituency an opportunity of testing whether the candidate is a duly qualified elector. In this particular case we find that had the descriptions referred to in rule 11(7) been affixed in a conspicuous place by the Returning Officer, not only the necessary roll, but the name of the candidate (a Rai Bahadur) therein could have been traced therefrom with no more enquiry than would have been necessary, if the nomination paper had been beyond all criticism. We are inclined to hold that, in the particular circumstances of the present case the petitioner should be held to have complied with the provisions as to the completion of the nomination form.

Coming to the case of the respondent it is pointed out by the learned Counsel that the rules do not lay down how the form is to be completed, and, in fact, in the rules the subscription of the candidate as assenting to the nomination comes before the subscription of the proposer and the seconder. It is urged, on the other hand, that the whole scheme is that the nomination should be in writing and be first signed by the proposer and seconder, and then assented to by the candidate. It is argued that a verbal arrangement is not enough and, if allowed to prevail, might lead to absurdities. It does not appear that the nomination paper has to be filled in at any particular time. It may be filled up days before the nomination and it may even be presented to the Returning Officer before the date fixed for the nomination of candidates. So that if Mr. C. R. Das and his proposer and seconder had filled in the paper before he left for Coconada it would have been a good nomination paper when delivered on the 2nd January 1924 by his proposer and seconder to the Returning Officer. What he did was to sign the nomination paper after he accepted the proposal of his proposer and seconder and leave it with instructions to them to fill up the other particulars. The learned Vakil for the petitioner has quoted the case of *Harman versus Park* (7 Queen's Bench Division page 369), to show that the nomination paper must be fully filled up before it is subscribed by anyone. The case was distinguished in *Cox versus Davies* (2 Queen's Bench Division page 202) on which reliance has been placed by the learned Counsel for the respondent. Here the candidate's name had not been put in when the proposer and seconder signed the paper. It was held that if the signatures of the proposer and seconder were taken for filling in of the name of a candidate that they did not intend it would be a different matter, but that a nomination paper signed before it is properly filled up is not necessarily bad. The present case is slightly different, in as much as the candidate signed first as signifying his assent, and then his proposer and seconder signed afterwards. The learned Vakil asks as to when the nomination was made? The nomination takes place when the nomination paper properly completed and subscribed is delivered to the Returning Officer. The course adopted by

the respondent therefore was somewhat irregular, but does not appear to be contrary to any provisions of law. We do not, therefore, think that the nomination was invalid.

Our conclusion therefore is that the nomination of the petitioner was valid and was wrongly rejected. We also hold that the respondent was duly nominated. The result is that the election of Mr. C. R. Das should be set aside and a fresh election ordered.

In the circumstances of the case, we recommend that the parties do bear their own costs.

Election Case No. 3 of 1924.

Maulvi Yaquinnuddin Ahmad <i>Petitioner</i>
<i>versus</i>			
Maulvi Kader Bux <i>Respondent No. 1.</i>
Munshi Matizuddin Chaudhury <i>Respondent No. 2.</i>

Report.

This is a petition by Maulvi Yaquinnuddin Ahmad, one of the candidates at the election for the Dinajpur Muhammadan Constituency, challenging the return of the successful candidate Maulvi Kader Bux, respondent No. 1. Briefly stated, the election is challenged on the ground that corrupt practices were committed, viz., (1) a corrupt practice under clause 3 of Part I of Schedule V of the Election Rules in that the agent or agents of the successful candidate's agent procured or abetted the personation of a voter Jhoru Mamud Mandal at the polling station at Habra School; (2) a corrupt practice under the same clause in that the successful candidate himself procured or abetted the personation of a voter Kafuruddin Shaikh at the polling station at the Dinajpur Municipal Office; (3) a charge under clause 4 of Part I of the said Schedule in that false statements of fact relating to petitioner's conduct were made in the leaflet referred to as exhibit A in the petition; and (4) a corrupt practice under rule 8 of Part II of the said Schedule in that the leaflet, exhibit A, does not contain the name and address of the publisher thereof on the face of it. On these allegations the petitioner asks that the election be declared void and that he be declared duly elected.

Respondent No. 1, the successful candidate, denies all the charges; he has also in his written statement contended that the election petition filed by the petitioner is not in proper form, and has not been properly verified; he also questions the power to allow amendment of the petition.

Respondent No. 2 has taken no part in the proceedings. We had no hesitation in declining to consider the objections taken by respondent as to the form, verification, and amendment of the petition allowed by His Excellency on the ground that it is not open to us to consider what happened from the filing of the petition to the appointment of the commission. We also held that under rule 33 (3) we have clearly power to allow amendment of particulars.

We also decided in respect of petitioner's claim to be declared duly elected that the prayer could not be seriously entertained. Respondent No. 1 obtained 4,380 votes, respondent No. 2 obtained 1,304 votes, and petitioner obtained 190. Petitioner declared in his petition that respondent No. 2 had "agreed that he will not claim his preferential right" and it was asserted at the bar and not denied, though not proved, that a formal deed of release had been executed to that effect. It is clear that such an agreement can have no effect whatever and that it is an interference with the right of the electors of the constituency to select their representative by their votes. Even if there had been no other candidate it is clear to us that when polling has taken place, Commissioners cannot declare a defeated candidate to have been duly elected unless after striking out the invalid votes on both sides it is found that the claimant has polled the largest number of valid votes actually given. We consider in view of the novelty of election proceedings in this country that rule 34 of the Electoral Rules might be amended so as to afford some guidance to petitioners as to the circumstances in which such a claim is proper.

We further decided that as the respondent No. 1 accepted responsibility for the publication of the leaflet, exhibit A of the petition, which is exhibit 2 of these proceedings, and as it did not contain the name and address of the publisher on its face the fourth corrupt practice charged had been clearly made out, but that as the petitioner asserted and respondent No. 1 admitted that the leaflet was distributed by the agents of this respondent the commission could not possibly be held to have materially affected the result of the election. Under rule 44 (1)(a) this corrupt practice would not, therefore, invalidate the election. We accordingly declined to frame an issue on this point, but reserved for our consideration the question of what recommendation, if any, should be made by us as to the exemption of the respondent from the disqualification incurred by him.

After deciding these matters we framed the following issues :—

- (1) Does the leaflet exhibit A, containing as it does extracts from the report of the Committee on the Amendment of the Bengal Tenancy Act without the observations in the Note of Dissent thereto, amount to a false statement as to the conduct of the petitioner?
- (2) If so, did the respondent No. 1 believe it to be false or did not believe it to be true?
- (3) Is the statement at the bottom of the leaflet, exhibit A, that the committee recommended the proposals to be carried into law false?
- (4) If so, did the respondent believe it to be false or did not believe it to be true?
- (5) Was either of such statements, if false, reasonably calculated to prejudice the prospects of the petitioner's election?
- (6) Is the charge of personation in paragraph 12 (a) of the petition established?
- (7) If so, was the personation at the instance of, or with the connivance of, the respondent's agent?
- (8) Is the charge of personation in paragraph 12 (b) of the petition established?
- (9) If so, was the personation at the instance of, or with the connivance of, the respondent?

Of these the issues in relation to the leaflet have, at the hearing, been found to be the most important, and we therefore reserve them to be dealt with last of all.

Issues Nos. 6 and 7 relate to the charge of personation at Habra. The only evidence adduced on this charge is that at that polling station the vote of a man claiming to be Jharn Mamud Mandal was challenged. No further evidence having been adduced by petitioner we decided that no case had been made out which respondent was called on to meet and find that this charge of personation is in no way proved and that issue No. 7 does not arise.

Issue No. 8 deals with the charge of personation at the Dinajpur Municipal Office. It is clearly proved by the evidence on both sides that apart from the man who is said to have personated Kafuruddin six persons only were present in the polling booth, viz. the Presiding Officer, the Polling Officer, the petitioner and his polling agent, and the respondent No. 1 and his polling agent. All these have been examined, and as to most of the facts in connection with the incident there is no dispute. That a man giving his name as Kafuruddin and his father's name as something quite different from Abdul Hakim appeared at the poll; that his vote was challenged by the petitioner but that he was allowed to vote after identification, the necessary entries being made in the list of challenged votes; that subsequently another man appeared who gave his name either as Kafuruddin or as something slightly different from it and his father's name as Abdul Hakim, and that his vote was taken on a tendered ballot paper, are undisputed facts.

It was argued before us that personation being a corrupt practice a corrupt motive must be established, and that if a man has an innocent motive, or acts under a *bona fide* mistake, he cannot be held guilty of personation. That this is the English law as to personation seems certain, and the same view was adopted in this country in the Punjab South East Towns case reported at page 166 of Hammond's Indian Election Petitions. We are, however, unable to agree with this view and would observe that in the precedent above quoted the Commissioners followed their decision in the Rohtak case (Hammond, page 183) which relates to an offence defined in section 171C of the Penal Code, in which the word "voluntarily" occurs, and not to an offence defined in section 171D in which

no such word is to be found. As our view leads to the apparently absurd conclusion that a man may be convicted of an offence under section 171F, however innocent his intention, we consider it desirable to give our reasons for the view in order that the question of removing this apparent defect in the electoral law may be considered. The definition of personation in the Election Rules and in the Penal Code is taken from the English Corrupt and Illegal Practices Prevention Act of 1883. By that Act personation is declared to be punishable as a felony. The Act itself is silent as to the motive or intention of the offender, but the doctrine of *mens rea* as applicable to felonies has led to the decision in England that before a corrupt practice can be held to have been committed a corrupt motive (which the later authorities show may exist without any moral corruption) must be established. In this country the doctrine of *mens rea* has been held inapplicable since the passing of the Penal Code on the ground that the definitions of offences in the Code describe the intention, knowledge, etc., which must be proved before a particular offence can be held to have been committed. We are therefore unable to follow the English Courts in applying the doctrine of *mens rea* and are compelled to look to the section itself in the Penal Code and to interpret it as it stands with reference to the various definitions in the Code. The section being silent as to the intention or knowledge of the offender and containing, so far as we can see, no word the definition of which introduces any question of knowledge or intention, it necessarily follows that the offence must be held to have been committed whenever the requisite facts have been proved, regardless of the intention or knowledge of the offender.

There is a further difficulty in the way of our accepting the English rule that a corrupt practice cannot be proved unless a corrupt motive is shown. Every electoral offence described in Schedule V is called a corrupt practice. In English Law there is a clear distinction between corrupt practices and illegal practices, and in the case of the latter motive or intention is immaterial. Schedule V includes what are corrupt practices in England as well as what are illegal practices. If therefore the English rule as to corrupt practices be followed, a practice such as the hiring of a liquor shop as a committee room, which is quite clearly meant to be forbidden absolutely, will in this country be permissible if the intention of the hirer is innocent.

We therefore hold that we are not concerned with the honesty or otherwise of the person said to have committed personation, provided his acts fall within the words of the rule. On the evidence before us in this case we are fully satisfied that there is only one entry in the Electoral Roll under which either of the two persons who voted can come, viz., entry No. 36 of Ward D in which the elector's name is given as Kafuruddin and his father's name as Abdul Hakim. We are further satisfied that each of the two persons is qualified and that both should have been on the roll. The first man's name is that given in the roll, but his father's name does not tally; the second man's name is, we are convinced, Kafuruddin *alias* Gafaruddin; he gives his father's name as Abdul Hakim, but in his service roll in the District Judge's office, where he is employed as a process-server, his father's name is given as Hakim Muhammad. While it would appear to be more probable that the entry in the roll is intended to refer to the second man, it is impossible to say with any certainty that it does refer to him and to him alone. Personation is a criminal offence, and before the offence can be held to be established it must be proved that the person entered in the roll is beyond any reasonable doubt some one other than the man charged with personation. We find it impossible to say on the materials before us that either of these two would be voters is, or is not, the voter entered in the roll, nor do we see any chance of obtaining any more light on the matter by calling any further witnesses. We accordingly hold that this charge of personation has not been proved. We wish to add that in coming to this conclusion we have considered the novelty of election procedure in this country and the knowledge of that procedure which may reasonably be expected; but we would respectfully follow the precedent of the Boston case in 1874, which is reported in 2 O'Malley and Hardeastle at page 165 and observe that it by no means follows that either this commission or any other commission will, even on the same apparent state of facts, hold in any subsequent case that the offence of personation has not been committed, for in each case the existing state of knowledge and the existing circumstances have to be considered.

In view of our decision on issue No. 8 the question raised in issue No. 9 does not strictly arise; but as the charge has been made we think it only fair to respondent No. 1 to say that in our opinion even if Kafuruddin, the first voter, had been held guilty of personation, the evidence before us in no way establishes that the candidate himself did anything improper. We have not been asked to, and do not, hold that petitioner has intentionally given an untrue account, but a candidate at an election generally views the acts of a rival candidate through a dense cloud of prejudice and his subsequent recollection of any incident is liable to be affected by prejudice. The polling agent of petitioner admits that the respondent said he did not know the man; and after that statement it is obviously impossible to hold that the candidate was abetting personation. We would however observe that at this polling station the polling agent of respondent No. 1 was the brother of the Presiding Officer. We do not consider the latter in any way affected by this as he had no power to refuse to admit any authorised polling agent and there is no reason even to suspect in the present case that anything improper was done by either of these gentlemen during the voting. But the undesirability of such a close relationship between the Presiding Officer and the polling agent of one candidate is obvious, and we are surprised that the agent in question who is a pleader should not have seen the impropriety of his acting at that particular polling station.

We now turn to the most important question. Although issues Nos. 1 to 5 do not specifically refer to the interpretation of clause 4 of Part I of Schedule V it is necessary to consider that rule. There can be no question that the leaflet, exhibit 2, contains no statement about the personal character or personal conduct of the petitioner, and it has been strongly urged on behalf of the respondent that clause 4 does not apply to statements of fact in relation to the public conduct of a candidate. To decide this point we have found it necessary to refer to the English authorities and we desire to express our indebtedness to the learned pleader for respondent who has furnished us, both on this question and on the other questions of law discussed, not merely with commentaries on the English election law but with various volumes of O'Malley and Hardcastle's reports of English election cases. The contention urged for respondent finds great support from many expressions in the English cases, and the rule we have to interpret is practically a verbatim copy of the English law. But *prima facie* the words "personal character or conduct" do not necessarily show that the conduct must be personal, and apart from considerations arising from the conditions of a particular country which will be dealt with later, there is no apparent principle on which a deliberately false statement of fact relating to the public conduct of a candidate should be permitted by the election law. Only two instances have been brought to our notice or discovered by us in which statements as to what was clearly public conduct have been before the Election Courts in England, but we recognize that this may be due to the fact that the general trend of the English cases is in favour of the view that statements as to such conduct do not concern those courts. The first of the cases referred to is the Cockermouth case (5 O'Malley and Hardcastle, page 155). At page 163 a statement that a candidate voted in Parliament in a particular way is considered. Though holding that this was not a criticism of personal conduct Darling J. proceeded to find that it was to a very large extent true. In the Attercliffe Division case reported in the same volume Walton J. at page 223 states, "Paragraphs 3 and 4 to my mind relate obviously to public acts and to public conduct alone. I do not say that they may not be within the Act;" he then proceeds to decide the case on the ground that the statements are not false statements. We are unable to hold that the English authorities definitely decide that only statements relating to personal conduct and not those relating to public conduct come within the rule. We would observe that it appears to us a matter worthy of serious consideration whether the exclusion of statements relating to public conduct from the purview of the rule is desirable under present conditions in this country. The English law on the subject was only passed in 1895, and if it was intended to exclude public conduct the reason may well have been that the electorate was very largely literate and also in the habit of reading newspapers, which were numerous and widely circulated. False statements as to public conduct would therefore not be likely to mislead most of the electors, and their falsity could be easily and speedily shown. These considerations do not seem to apply to this country as yet, and in view of the damage which could be done to a candidate's prospects at an election by the circulation of false statements as to his public conduct we are very doubtful whether the rule was ever intended in this country to exclude such statements. We are, however, relieved of the necessity of deciding this question definitely in view of our conclusions on the question whether the present case can be brought within the rule at all.

The petitioner's case is that the leaflet deliberately ascribes to him opinions on the amendment of the Tenancy Act which he does not hold. Respondent's case is that the leaflet deals with the report of the Committee and not with the views of the individual members thereof. We are fully satisfied that if the leaflet professes to describe petitioner's individual opinions it contains undoubtedly false statements of those opinions. We also hold that if respondent intended to deal with petitioner's individual opinions he was bound to refer to the latter's note of dissent before asserting as a fact that petitioner held any particular opinion and that if he did not do so he could not expect us to hold that he really believed his statements to be true nor even that he did not know them to be false. On the other hand, we hold that if the leaflet was issued in reference to the report of the Committee there was no necessity to refer to the Minutes of Dissent. We further hold that the statement referred to in issue No. 3 clearly relates to the report of the Committee as a whole and therefore does not come within the rule as to statements about a candidate. We have been asked to hold that if a leaflet contains statements of fact each clearly true, but the inference which would be naturally drawn from them would, owing to the failure to state certain other facts, be false, then there is a false statement of facts in the leaflet. We can find no authority in support of this view and we are not prepared, in view of the undoubted latitude allowed to candidates at elections, to hold that anything except a direct statement of fact can come within the rule. Our decision therefore must depend on the answer to the question, does the leaflet refer to the individual opinions of the petitioner or to the report of the committee as a whole? After full consideration of the matter we think the answer must be in favour of respondent. We see no reason to doubt his sworn statement in view of the perfect frankness with which he accepted responsibility for the publication, and his assertion receives considerable support from the view of the leaflet expressed in Exhibit B, a letter from one of petitioner's polling agents which the petitioner filed in Court of his own accord. That the fact of the petitioner being a member of the committee was intentionally brought to the notice of the electorate is clear, seeing that his name was placed at the head of the list and Dinajpur was printed after it. But after considering the leaflet most carefully we hold that the statements of fact contained in it with which we are concerned are that a certain committee had submitted a certain report and that

petitioner was a member of that committee. Both those statements are true and as the electoral law so far as we can see does not concern itself with opinions, suggestions, inferences or innuendoes but merely with statements of fact, we hold that petitioner has failed to bring the leaflet within clause 4. We therefore answer issue No. 1 in the negative and hold that issues 2, 3, 4 and 5 do not arise.

To sum up, we hold that of the corrupt practices alleged the first three have not been proved, that the fourth charge under clause 8 of Part II of Schedule V has been proved, but that the corrupt practice did not materially affect the result of the election. We accordingly report that the respondent No. 1, Maulvi Kader Bux, was duly elected by the Dinajpur Muhamadani Constituency. We further report that Maulvi Kader Bux was guilty of a corrupt practice under clause 8 of Part II of Schedule V in that he published the leaflet (exhibit 2) without the name and address of the publisher on the face thereof. In view of his frankness in the matter and of the fact that the cost of printing the leaflet is included in his return of expenses filed before the present petition, we accept his statement that the omission was purely accidental. In view of the unfamiliarity of the electoral law we accordingly recommend that Maulvi Kader Bux be entirely exempted from the disability imposed by rule 5 of the Electoral Rules.

We have considered the question of costs but see no reason to depart from the ordinary rule that a person who fails to establish anything but a very minor part of his case should be mulcted in costs. We accordingly recommend that the costs of respondent No. 1, which we assess at Rs. 600, should be paid by the petitioner to that respondent and that petitioner should bear his own costs.

Election Case No. 6 of 1924.

Sashi Kumar Sen Gupta
versus
Jatindra Nath Basu.

Report.

This is an election petition from the Calcutta North Non-Mahomedan Constituency. The election was for the Bengal Legislative Council. It took place on 14th November

1923. There were three candidates, Mr. Jatindra Nath Basu of the firm of B. N. Basu & Co., Babu Krista Lal Datta, a former Accountant-General of Bengal, and Dr. Sashi Kumar Sen Gupta. They polled 1,121, 996 and 808 votes, respectively. Babu Jatindra Nath Basu was declared as duly elected. The present petition was filed by Dr. Sashi Kumar Sen Gupta on the 21st December 1923. The petitioner charged Babu Jatindra Nath Basu with being guilty of practically every sort of corrupt practice enumerated in Schedule V of the Bengal Electoral Rules and Regulations. No particulars were given except in respect of the corrupt practice mentioned in Part II, section 5 of the schedule, viz., "the hiring, employment, borrowing or using for the purposes of the election of any boat, vehicle or animal usually kept for letting on hire or for the conveyance of passengers by hire". Paragraph 7 of the petition states that Jatindra Nath Basu *was by himself and other persons on his behalf* guilty of this corrupt practice. Among others nine taxi-cabs were specifically mentioned as having been used by him. There were two numbers given against each taxi-cab, CC series being the numbers of the cabs and 1880 series being numbers said to have been put on them by Babu Jatindra Nath Basu. The petitioner further alleged that on the 18th November 1923 at the counting of votes when the ballot boxes were opened by the Returning Officer, his seals were not found on some of the boxes and their covering bags and some of the seals were found broken and it was further found that the number of the ballot papers in some of the ballot boxes did not agree with the number of the ballot papers as given by the presiding officers in their ballot paper account.

The trial of the petition was fixed for the 8th February 1924. The respondent appeared before that date and submitted that no particulars had been given of the various alleged corrupt practices and that the petition ought to be summarily dismissed so far as it was founded on corrupt practices, of which no particulars were given as required by law. It was pleaded that in respect of paragraph 7 of the petition the particulars were insufficient and meagre. The respondent did not admit the allegation that the seals were found wanting or broken and put the petitioner to strict proof thereof. A copy of this petition was given to the doctor. On the date fixed (i.e., 8th February) the learned Counsel appearing for the petitioner informed us that he would limit his case to paragraph 7 and paragraphs 11-13 and first part of paragraph 14 of the petition, i.e., to the hiring, etc. of the taxi-cabs and the absence of seals on the boxes and bags. The petitioner was directed to give as far as possible particulars "of the other persons on his behalf" mentioned in paragraph 7 and to indicate some voters by name or number who were alleged to have been conveyed in the taxis mentioned in the paragraph. The issues fixed were :—

No. 1. "Was there any hiring, employing, borrowing and using of vehicles as alleged in paragraph 7? If so, did it materially affect the result of the election?" In respect of the matters mentioned in paragraphs 11-14 we were not satisfied that any rule or regulation was infringed or that the Returning Officer had done anything which he should not have done or that he had not done anything which he should have done. The petitioner was asked by us to make out a *prima facie* case and the issue framed was

No. 2. Was there any non-compliance with any rule or regulation framed under the Act? If so, has the result of the election been materially affected thereby?

The petitioner supplies for particulars on the 18th February 1924 to the effect that Jatindra Nath Basu either by himself or in his name or through agents in the name of Jatindrarath Pal or Bissaswar Sen or Gobardhan De engaged the cabs mentioned in paragraph 7 of the election petition besides other cabs. It was stated that among others one Bhupal Chandra Chakraverty and one Khite Bhusan Das, one Jadunath Pal and one Ahindra Nath Pal, four canvassers and workers on behalf of the respondent accompanied at least 50 voters in the said taxi-cabs and other cabs let out for hire "from the latter's destinations to the polling stations". The names of 11 voters were given. The petitioner had numerous witnesses summoned. He examined 39 including himself. The respondent examined 14 witnesses including himself.

We take up issue No. 2 first. Complaint is made in the petition that the doctor brought to the notice of the Returning Officer the fact of the absence of his seals and requested him to put it on record, but the Returning Officer refused to do so. The Returning Officer, Mr. Roxburgh, was examined and he deposes that as soon as the first bag from Nandalal Bose's house (one of the three polling stations) was produced in its gunny covering, the doctor said he could not find his seal on it. He was asked if his seal was affixed on it. He could not say, but he said that he had been told by his election agent that this had been done. Other boxes were opened. The seals on all four boxes were intact they were locked. Mr. Roxburgh deposed that no tampering was possible, regard being had to the arrangements, though in transit it was possible that a seal or two on the outer gunny bags got broken or fell off. Mr. K. L. Datta, who got a larger number of votes than the doctor was examined by the petitioner and his evidence is that he did not take any action as he thought it was impossible to tamper with the seals. The objection was apparently not serious and was given up as the other boxes were opened. Mr. Roxburgh has deposed that there was no complaint in respect of the ballot boxes themselves. He was able to produce 8 out of 11 bags and he showed that the doctor's seal (which the latter could not find himself) was still intact on one of the bags. One gentleman deposed that he had put the seal on the sewing of the gunny bag; but when shown the gunny bag with the sewing without a trace of any sealing wax, he could not say where he had put the seal. The learned Counsel for the petitioner contended that the petitioner had reason to suspect that the ballot papers had been tampered with. It appears that a discussion was

started in a paper called "Forward" on the subject and it is started without objection that the petitioner's party came to the conclusion that seals on all the bags and boxes in all centres had been tampered with. The doctor has deposed frankly that he did not venture to file this petition until he had the support of his party. It is suggested on the side of the respondent that it is not the doctor's own view which is being put forward but that of the party. All we need say is that the suspicion is entirely imaginary. The doctor has said nothing in his deposition contrary to what Mr. Roxburgh told us. The doctor's position is that he wished to draw attention to the subject for future guidance. He desires that gunny bags should not be used, that better bags like postal bags should be used and that there should be a record as to who was in charge of the boxes up to the day of the counting. We can leave the matter there.

The suggestion that there may have been a tampering because of the discrepancy between the figures of the presiding officers and the figures actually found in the ballot boxes appears to be even more groundless. There were nearly 2,000 ballot papers used. The discrepancy is only 5. According to the return under regulation XLIX every ballot paper issued to a voter may not have gone into the ballot box. It appears again that voting for the Indian Legislative Assembly was going on at the same time. In this constituency three ballot papers were rejected, because they were meant for the Indian Legislative Assembly. It is possible that these five electors of this constituency put their papers in boxes meant for the Indian Legislative Assembly or did not eventually exercise their right to vote. We were repeatedly asked to send for the ballot papers and hold an enquiry. We are surprised that it should be thought necessary to institute any enquiry on such slender materials. It is not shown that there was any non-compliance with any rule or regulation. Issue No. 2 is decided therefore against the petitioner.

We come to the first issue. Under the English Law it is now an illegal hiring to let or hire or employ or use for the purpose of conveying electors to or from the polls any public stage or hackney-carriage. The offence of illegal hiring becomes an illegal practice when committed by the candidate, election agent or sub-agent and when so committed, the election may be set aside. (Parker, page 294-295). The illegal practice must be brought home to the candidate or his agent. Where several hired motor-cars were lent to a candidate by a friend, but it was proved that, although the candidate had asked the friend for some cars, he did not know and had no reason to suppose the cars sent had been hired, it was held that the friend not being an agent no illegal practice, for which the candidate was responsible, had been committed (East Dorset 6 O'm and II., pages 37 and 48). With us (the section has been quoted above) it is apparently not necessary to show that the candidate or his agent hired the taxis; but on the other hand the election can only be set aside if it is proved that the result of the election has been *materially affected* by the hiring or use of such taxi-cabs.

There is a great conflict of evidence on the point whether taxi-cabs were used at all. On the one hand we have the petitioner and his witnesses asserting that from 1 to 100 taxi-cabs plied all day long displaying Mr. Basu's placards. On the other hand we have the respondent and his witnesses from the different centres denying that there was any taxi-cab at all on their side. Canvassers and workers alleged to have been working for Mr. Basu are produced by the petitioner to show that they used taxi-cabs to bring voters; but Mr. Basu and his men repudiate these allegations. The petitioner's witnesses declare that taxi-cabs were noticed and the matter discussed and the numbers of taxi-cabs taken. Mr. Basu and his men say that the matter was never discussed to their knowledge or at any rate never brought to their notice on the polling day. It again appears that the matter was discussed in the papers and the contention of the defence is that the petitioner's party imagined certain numbers of taxi-cabs which they put in in the original petition and having failed to substantiate their case as regards these they have procured other evidence on which no reliance can be placed. It is urged that no witness will take the responsibility of having furnished the original numbers of taxi-cabs given in the petition. It is pointed out that none of the agents mentioned in the particulars supplied by the petitioner on 18th February 1924 was examined by him and that of the 11 voters mentioned therein only 1 was examined (who did not support the petitioner) and that they produced various other witnesses to prove that about 47 others were taken to the poll in taxi-cabs (8 or 9 have deposed for the defence showing that the evidence of these witnesses is not reliable). It is pointed out that taxi-cab drivers, partisans of Mr. K. L. Datta and the doctor and so-called independent men are produced at the last moment to prove that numerous taxi-cabs were used. Complaint is made that the petitioner was in possession of a volume of evidence which he did not disclose and that he was allowed to examine witnesses in violation and in breach of the directions given and contrary to the law on the subject. Particulars, said Lord Justice Lindley, are in the nature of an indictment (1895, 2 Queen's Bench, p. 152). It is urged that the particulars have been given a go-by and evidence produced at the last moment with the evident object that the sitting member would not be able to meet it. It is contended, however, on behalf of Mr. Basu that when they have been able to test the evidence produced, it has been found wanting and that the whole evidence produced does not stand the test of examination. It is acknowledged by the learned Counsel for the petitioner that he may not know of the particulars, but that when he has them he should supply them to enable the sitting member to defend his case. His argument was that he did not know them. It appears that Revati Babu, a member of the Congress Party, took charge of the case and he procured the evidence. He may be an estimable man, but although he was present in

Court throughout, he did not come into the witness-box and inform us when and how he was able to get all this evidence. This case is the first of its kind in India and we considered it desirable to take all the evidence offered in order to have as full an enquiry as is possible. The examination of the witnesses is open to the interpretation that most of them had been approached by Revati Babu before the further particulars were furnished and the nature of the evidence in the petitioner's possession was kept back in order to take the respondent by surprise. The question now is whether this evidence should be believed or not.

The charge that Mr. J. N. Basu was by himself or other persons on his behalf guilty of employing taxi-cabs has failed. The petitioner did not examine the three agents mentioned in the particulars. The respondent examined Bisheswar Sen. No question was put to him about Mr. Basu or his agents hiring the taxi-cabs. The four canvassers mentioned in the particulars were examined by the petitioner. Bhupal Chandra Chakraverty's evidence is of no assistance. He said that he thought the motor in his charge was a taxi, because the driver was a Sikh. Jadunath Pal, Ahindralal Pal and Khitibhusan Das Gupta have given positive evidence that they worked for Jatin Babu and each says that he brought voters in a taxi-cab. They said that they worked at the instance of Babu Promatha Nath Choudhury. Ahindralal Pal alleged that he went to Jatin Babu's and got a taxi from Jatin Babu and took it to Promatha Babu. Jatin Babu and Promatha Babu (a young zamindar and banker) deny knowing them at all. It is not insignificant that these young men came from 16-1, Abhay Charan Mitter's Street, where one of the principal canvassers of the doctor, a cousin of Khitibhusan, lived and worked for the doctor. Ahindra deposed that he took among others Sarat Kumar Mitter (the son of a High Court Judge) in his taxi. Sarat Kumar Mitter deposed for the respondent and stated that he did not know Ahindra and that he went to the poll in a private motor-car. The petitioner examined Suresh Chandra Basak who says he noticed about ten taxis working for Jatin Babu and carrying about 25 to 30 voters. He had worked for Jatin Babu before the election day, but had left his work either because he was not getting enough money or because he was not being paid in advance. Obviously this witness has a grievance against Jatin Babu or his agent Durga Charan Babu. Binoy Krishna Roy was examined also as a canvasser of Jatin Babu and he deposed that Hem Chandra Ghosh had given him a taxi. Binoy Krishna's brother Jiban Krishna was examined and he deposed that he was taken to the poll in a taxi by Hem Chandra Ghosh. Hem Chandra Ghosh, who is a relative of Mr. J. N. Basu and who worked for him, deposes that these two men were working for the Swaraj Party and not for Jatin Babu. Jiban Krishna's evidence is that he saw Jatindra Motan Bose a voter coming in a taxi. The latter (the Senior Assistant of the Director of Industries) has deposed that he was fetched from his office by his son in a car belonging to Jatin Babu's side and he was not cross-examined as to whether it was a taxi. Babu Jatindra Nath Basu is emphatic in his denial that any taxi-cabs were used. He has examined his men from the different centres who are equally emphatic. They are men of responsibility and position. Our impression is that this evidence produced by the petitioner is not reliable.

We do not propose to examine the rest of the evidence at great length. The doctor, his brother a professor, Mr. K. L. Datta and others have deposed that they saw taxi-cabs bearing Mr. Basu's placards. It is not likely that they are telling an untruth. Some taxi-cabs must have been there. It is difficult to say how they came in. It appears that Mr. Basu asked many friends (Marwaris included) to supply their private cars. It is not impossible that some of these friends sent taxis among the private cars. We feel extremely doubtful however that taxis in any large numbers were used.

We learn that the use of taxi-cabs was a feature in the election in Calcutta and the neighbourhood. It appears that Messrs. Cook & Co. have a fleet of about 100 taxi-cabs, about 30 generally are on the road. They bear the number C. C. series. Quite a large number was sent out on election days with the metre removed and the C. C. number covered over by the numbers in 1880 series (1880 being their garage number). The suggestion was that Messrs. Cook & Co. supplied a large number of these cars to Babu Jatindra Nath Basu. It was suggested that Gobardhan Das, one of the Directors of the Company, was a relative of Mr. Basu. This was denied by Mr. Basu and Mr. Basu deposed that he had read the rules and had impressed on his agents and workers not to use any taxi-cabs. The petitioner examined Tin Cowri Bose of the firm of Messrs. Cook & Co., but he did not support the petitioner. His evidence was that the taxis were being got ready for Sitamath Pal (a candidate from another constituency) for his use on the 15th November and that on this particular date, viz., 14th, he sent out only 12 taxis to Sitamath Pal in response to a telephone message from Madan Co., who ordered the cars for Sitamath Pal. He was positive that no cars were sent out to Babu Jatindra Nath Basu on this date. It appears, however, that Messrs. Cook & Co. are ready to hire out taxis as private cars (after taking the metre out) on advance payment and it seems to us not impossible that some of Mr. Basu's friends might have hired some taxis and sent them out mixed up with their own cars for Mr. Basu's use. The petitioner examined three taxi-drivers who were at the time in the employment of Messrs. Cook & Co., Bimala Kanta, Thakur Pada and Rajendra Pal, and they deposed that they drove out taxis which were used for Mr. Basu's election. According to two of them at least Revati Babu must have been aware of their evidence before the date on which further particulars were furnished; but they are not mentioned therein. Tin Cowri Bose deposes that at this time Rajendra was working elsewhere. Bimala Kanta and Thakur Pada may have driven

taxi-cabs and worked in the election for Mr. Basu; but their evidence that they went out 8 or 9 in number has to be accepted with caution. They are not men who are above influence. It is to be noted that Thkurpada was not even summoned.

The original list given in the petition was obtained by Revati Babu according to the doctor. Now there is some discrepancy in the evidence as to when Revati Babu obtained it. The learned Counsel for the respondent urges that the list must have been obtained after the petition was filed. The list is admitted to have been made by Jiban Krishna Saha, a canvasser of Mr. K. L. Datta. Jiban Krishna deposed that he had given the numbers to Mr. K. L. Datta; but Mr. K. L. Datta denied that he ever consulted Jiban Krishna. Revati Babu is said to have gone to Babu Hari Saukar Pal and the latter sent for Jiban

and gave it to Revati Babu. Jiban, however, tells somewhat different story. We think that the petitioner got the list prepared by Jiban; but there is no guarantee that the list was correctly prepared by Jiban. He was in service at one time in Spence's Hotel for two or three years and was dismissed. He professes even now not to know the reason for his dismissal.

Mr. K. L. Datta made a list himself. He wrote a letter to Mr. Roxburgh at once giving the numbers. It was marked "Private" and "Confidential". Mr. Roxburgh has deposed that 20 or 30 numbers were probably mentioned. Mr. Roxburgh did not preserve the letter. It would be unsafe to act upon the supposition that there were 20 or 30 taxis used. Passions at election time run high. Obviously Mr. Datta wrote to Mr. Roxburgh merely to score a point against Mr. Basu. It may be doubted whether he was serious since he did not keep a copy of the letter and did not intend to follow up his complaint. Another list comes from Pulin Behari Mitter, an election agent of Mr. K. L. Datta. He says he did not show the list to Mr. K. L. Datta. He produced a note-book from which he gave the numbers of 11 cars in 1880 series. Two of these numbers agree with 2 in the list made by Jiban Krishna Saha and mentioned in the original petition. We are not disposed to accept a list hung at us at the last moment. Mr. Basu has deposed that the feeling between him and Mr. K. L. Datta was embittered and it is noticeable that the lists or the effective evidence about taxi-cabs come from his side. The doctor's brother said he had made a list, but he lost it. The evidence is that taxi-cabs were noticed and the matter discussed, but there is a wide divergence between the observation of different people. Mr. K. L. Datta thinks 60 or 70 or even 100 taxis were used. Bisanta Kumar Bose, an onlooker, was examined and he deposed that there was a discussion among canvassers, but he could see only one. The evidence of people that they saw 20 or 25 taxis is open to the objection that they may have seen 1 or 2 taxis coming backward and forward and jumped to the conclusion that 20 or 25 taxis were used. If taxis were used in such large quantities, there was nothing to prevent the workers of the rival parties in taking the number and comparing notes and ascertaining the exact number used. Our impression is, therefore, that some taxis were noticed, but not any large number of them and that the matter has been discussed since and the imagination of witnesses fed by such discussion until they have come to the conclusion that a very large number of taxis was used.

It appears that Mr. K. L. Datta had 120 private cars besides horse carriages and he polled only 996 votes. Mr. Jatindra Nath Basu had 110 motor-cars and about 30 carriages. There is no reason to believe that he could not command as many private vehicles as Mr. K. L. Datta. With 140 at his disposal he could have brought his entire body of supporters—1,121 in number—to the poll by putting about 8 voters in each vehicle and by using it only once. Estimates therefore by petitioner's witnesses to the effect that some vehicles carried no less than 15 or 20 voters in the course of the day seem to us to be entirely fanciful. Mr. J. N. Basu's majority over the next candidate—we may note—was 125. If we could believe from the evidence that 50 or 60 taxis were used, we might have held that this was sufficient to show that the result of the election was materially affected thereby, but even then the question would arise whether the voters carried in those taxis would not have voted as they did or would have refrained from voting—if the taxis had not been there. Assuming that 125 voters were so carried and that they voted for Mr. J. N. Basu, if they would have voted for him in any case how could it be said that the result of the election was materially affected by their carriage? We note in this connection that the alleged voters who were examined by petitioner were not questioned by him on this point. They were not asked for instance: "Would you have voted as you did if you had had to walk?" If again the vote has to be rejected as tainted it is not impertinent to ask whether the voter knew or had reason to believe that he was being taken to the poll in a forbidden conveyance. It may be a very hard matter to upset an election under section 5, Part II of Schedule 5 read with rule 44; but we are not concerned with that. Holding as we do on the evidence that only a very few taxi-cabs could have been used, our conclusion is that it is not established that the result of the election has been materially affected by such use or employment.

We hold therefore that this election petition should be dismissed. It is a case where some costs ought to be granted to the respondent. We recommend that the petitioner should pay the respondent's costs, Counsel's fees being estimated at 5 gold mohurs for each day of the hearing.

NOTIFICATIONS.

No. 5705 A.—The 26th April 1924.—Rules for recruitment to the Bengal Civil Service (Executive) and the Subordinate Civil Service were published in notification No. 1650 A.D., dated the 31st July 1913. The decision to substitute competitive examination for the previously existing system of nomination for the recruitment of these services, and the orders issued regarding the introduction of the time scales of pay, have rendered most of these rules inapplicable, and the following revised rules are published for general information :—

Rule 1.—Appointments to the Bengal Civil Service (Executive) and the Subordinate Civil Service will be made (1) by the promotion of selected officers who are already in Government service and (2) on the results of an annual examination.

Rule 2.—The Governor in Council will determine each year the number of appointments to be made during the year to each of these services.

Rule 3.—Of the number of appointments to be made in any one year, ordinarily 35 per cent. in the case of the Bengal Civil Service (Executive) and 20 per cent. in the case of the Subordinate Civil Service will be filled by the promotion of officers who are already in Government service. Nominations for these appointments will be made by the Revenue and the Agriculture and Industries Departments and by the Board of Revenue. The age of an officer nominated under this rule should not save in exceptional circumstances exceed 40 years.

Rule 4.—Rules for the recruitment of these services by competitive examination will be published from time to time in the *Calcutta Gazette*.

Rule 5.—All officers appointed to the Bengal Civil Service (Executive) or the Subordinate Civil Service will be on probation for two years. An officer who has been promoted from the Subordinate Civil Service to the Bengal Civil Service (Executive) will be confirmed at the end of that period, provided that he has shown himself to be fit for the appointment. Officers promoted to the Subordinate Civil Service and all officers appointed on the results of the annual examinations are required to undergo a course of training and to pass the departmental examinations, during this period of probation. Such an officer will become eligible for the increment of pay at the end of the first year's service on passing the departmental examination by the lower standard, provided that he has submitted the records of cases required under the departmental examination rules to

the satisfaction of the Legal Remembrancer. His confirmation in the service and his further increment of pay will depend on—

- (i) his passing the departmental examination by the higher standard ;
- (ii) the submission of a certificate that he has undergone the necessary training in treasury work as enjoined by the departmental examination rules ;
- (iii) the production of a certificate of his ability to ride a horse signed by the District Officer of the district to which he is for the time being attached ; and
- (iv) his general fitness for confirmation.

Delay in the fulfilment of any of these conditions beyond the normal period of two years will render a probationer liable to removal from the service.

Rule 6.—No member of the Bengal Civil Service (Executive) or the Subordinate Civil Service shall be dismissed otherwise than on the result of a judicial or formal departmental enquiry.

Rule 7.—No member of the Bengal Civil Service (Executive) or the Subordinate Civil Service, once he has been confirmed, shall be entitled to resign his appointment without the previous sanction of Government.

No. 5775A.—The 26th April 1924.—In exercise of the powers conferred by clause (c) of sub-rule (2) of rule 11 of the Bengal Electoral Rules and Regulation XXV of the Bengal Electoral Regulations the Governor in Council hereby appoints the 5th June 1924 as the date and 10 A.M. to 3 P.M. as the hours for the recording of votes in the bye-election for the Midnapore South Non-Muhammadian constituency.

Rule 60.—No person shall be permitted to appear as a candidate at an examination for an underground sirdar's certificate unless he has attained the age of 21 years and has satisfied the Board of Examiners that he has had not less than three years' practical experience in a coal-mine.

The Board shall, at its discretion, either remove the suspension or cancel the certificate, and the decision of the Board shall be final.

Rule 63.—(1) The Chief Inspector of Mines shall issue to every person to whom the Board of Examiners grants an underground sirdar's certificate, a metal check marked with the registered number of his certificate.

(2) The person to whom such metal check is issued shall, so long as the corresponding certificate remains in force, retain such check in his immediate possession, and shall not transfer it or dispose of it in any way. In the event of the corresponding certificate being cancelled, the check shall be returned to the Chief Inspector of Mines.

(2) The owner, agent, or manager of any mine shall, on the demand of an Inspector of Mines, produce any underground sirdar's certificate held by a person employed in the mine.

Rule 65.—A register showing the names and addresses of all holders of underground sirdars' certificates shall be maintained in the office of the Chief Inspector of Mines, and a note of the cancellation of any such certificate shall be entered in such register.

Rule 66.—If any person proves to the satisfaction of the Board of Examiners that he has without any fault on his part lost or been deprived of a certificate granted to him under rule 57 otherwise than by the Board of Examiners under rule 62 the Board of Examiners may, upon such terms and conditions as they may determine, cause a copy of the certificate to which the applicant appears by the register to be entitled to be delivered to him. The word "Duplicate" shall be stamped across every such copy, and a fee of Rs. 1, which shall be payable in advance to the Chief Inspector of Mines at his office, shall be charged for it.

MEDICAL COLLEGE OF BENGAL.

Rules for the guidance of students seeking admission.

1. Two classes of students are admitted for study in the College—

(a) "Regular," or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University, and the provinces of Bihar and Orissa, Assam and Central Provinces, and those who come out of the Dacca or the Rangoon University as provided for in rule 5.

(b) "Military Class" (only students of European or Eurasian parentage are admitted to this class). (See separate prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the (a) "Regular Class" is the Pass certificate of the I. Sc. Examination of the Calcutta University with Physics and Chemistry or any Examination equivalent to it.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, on or before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe. Students who come out of the Dacca and the Rangoon Universities and the candidates from the Central Provinces should apply to the Director of Public Instruction of the respective provinces.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list :—

					Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	2	0
				Total	84	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa, one by the Government of Central Provinces and six candidates by the Inspector-General of Civil Hospitals of Assam, six candidates of the Dacca University by the Director of Public Instruction, Bengal, and two of the Rangoon University by the Director of Public Instruction, Burma. These candidates must possess the qualifications mentioned in rule 2(a). In addition, the Bihar and Orissa Government will nominate six scholars, who must have passed the I. Sc. Examination with Physics and Chemistry. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (a) Female students will be admitted to the College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(b) Female students belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay fee within a week from the date of the publication of their results, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the winter term. They must also pay the annual Athletic Club fee of Rs. 2 along with their fees for Summer term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs 80 for the whole session in one instalment within the time prescribed above.

12. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June :—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

14. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

15. In calculating the sum to be paid under rule 14 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Muhsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, local bodies, or Dufferin Fund, shall pay the same fees as Regular students.

20. The following are the curricula of the College :—

RESOLUTION ON THE ANNUAL ADMINISTRATION REPORT OF THE DEPARTMENT OF INDUSTRIES, BENGAL, FOR 1922.

DARJEELING, THE 24TH APRIL 1924.

RESOLUTION—No. 94 T.—A.I.

Minister-in-charge: The Hon'ble Hadji Mr. Abdul Karim Abu Ahmed Khan Ghuznavi.

READ—

The Annual Administration Report of the Department of Industries, Bengal, for 1922.

The report which covers the official year ending the 31st December 1922 was submitted to Government about eight months after the date on which it was due, viz., the 31st March 1923 with the result that information furnished on many of the heads is now out of date. Enquiry has shown that the delay was inevitable.

2. Dr. D. B. Meek held the office of the Director of Industries, Bengal, for the periods from the 1st of January to the 26th March 1922 and from the 28th November to the end of the year, Mr. A. T. Weston, Deputy Director of Industries acting as the Director during the remaining period of the year. Mr. E. Hoogewerf, Principal, Government Weaving Institute, Serampore, officiated as Deputy Director of Industries in the place of Mr. Weston: he was subsequently appointed to act as Inspector of Technical and Industrial Institutions when Mr. Everett, the permanent incumbent of the post, proceeded on leave on the 30th November 1922 preparatory to retirement. Dr. Rasik Lal Datta held the office of the Industrial Chemist throughout the year. Mr. C. W. Budd was appointed Industrial Engineer on the 15th May 1922 and held that office throughout the remaining period of the year under report. The post of Industrial Intelligence Officer was abolished from the 1st March 1922. The designation of the officers of the department placed in charge of the five divisions of the Presidency was changed from "Circle Officers" to "Superintendents of Industries" during the year.

The report of the Provincial Retrenchment Committee came in for consideration of Government shortly after the close of the year under review. In accordance with the recommendations of the Committee orders have already issued abolishing the posts of all the five Superintendents of Industries. But the question of the strength of the superior staff required for the department is still awaiting decision.

3. Government notice with satisfaction that every possible step was taken by the department to encourage the existing indigenous industries by offering practical assistance and advice and also to explore the possibilities of new industries.

Matches being a requirement of every-day use in almost every household, the question of developing the match industry in Bengal on a commercial scale engaged the attention of the department for some time past. As this industry is obviously dependent upon the regular supply of suitable wood, investigation into the sources of such supply was the essential preliminary step towards the solution of the question. With this end in view a conference was held by the department early in the year with the Conservator of Forests, Bengal, in which it was decided that a detailed survey, particularly of the less valuable timber woods in the foot hills, should be carried out. Mr. A. P. Ghosh, M.S.C.I. (Lond.), who has had a long practical experience of the match industry of Sweden, Germany, France, England, Japan, Burma and India, was appointed for a period of six months to carry out a complete survey of the technical and commercial aspects of the question. Mr. Ghosh joined the department on the 9th October 1922 and has submitted his report since the close of the year. The report is an interesting treatise on the subject and it supplies a considerable amount of practical information about the possibilities of match-making in Bengal which was not obtainable in the only other work dealing with the question, viz., "Mr. Troup's Indian Forest Memoirs", Volume II, Part I. Mr. Ghosh's report has been published for general information and it is now open to sale. The thanks of Government are due to Mr. Ghosh for this useful publication and it is hoped it will prove to be a practical guide to those who are interested in the industry.

The question of the improvement of the cutlery industry at Kanchannagar in Burdwan was brought to the notice of the local Legislative Council on more than one occasion. It is encouraging to learn that some practical steps have been taken by the department in this direction. A conference of the departmental officers was held in April 1922 to discuss the question and the Director of Industries with the Industrial Engineer visited the principal cutlery workshops at Kanchannagar and made several practical suggestions for removing the existing handicaps. One of the principal cutlers was also put in touch with "The Union Cutleries, Limited", a firm which is furnished with up-to-date machinery.

4. The Calcutta Research Tannery was able to maintain, throughout the year under report, its high standard of useful work both in the direction of research and demonstration. The investigation on the commercial utility of tanning materials in the Sundarbans and economic methods of utilizing them

were continued during the year. The investigations on sundry bark (*Hareteria Minor*) and on the manufacture of sole leather from buffalo hides with Babul, Goran and Myrabolans were completed, while investigation of the manufacture of glaze kid by the double-bath process of chrome tanning and of the improvement of the quality of chrome upper leather (called in the trade "box-side") manufactured from Indian cow hides continued. In addition to research work the Tannery did a large amount of outside work for the development of the tanning industry of this Presidency in the following directions :—

- (1) supplying technical advice,
- (2) supplying ready-made treatment materials, and
- (3) execution of machine work for small tanneries.

In addition to some minor demonstrations, four demonstrations of an important nature were carried out by the staff of the department during the year, viz., at Chittagong, Bankura, Bolepur (Santiniketan) in Birbhum and at Comilla. As the direct result of these demonstrations many cottage tanners have substituted the modern improved processes of chrome tanning for the primitive methods of vegetable tannage. The demonstration at Bankura was so successful that it was shortly followed by the formation of a *charmakar* co-operative society and a co-operative tannery with a capital of Rs. 6,000. The demonstration at Santiniketan (Bolpur) was equally successful, so much so that the authorities of the University there opened a tanning department for training their students as well as for the benefit of the local *charmakars*. In order to enable the tannery to meet the increasing calls for demonstrations, a peripatetic staff, consisting of a tanning demonstrator, a shaver, a flesher and two labourers was sanctioned as an experimental measure during the year.

5. The weaving industry has received a great deal of public attention, which has been reflected in the press and in the Council, during the past few years. It is a matter of very great satisfaction that the Serampore Weaving Institute has played an important part in improving the industry. The work of the institute can be classified generally under the following two heads, viz. :—

- (1) the training of young men of the *bhadralog* class, so as to enable them to work small weaving factories and the training of young men of the artisan classes in the latest methods of weaving and dyeing, and
- (2) the promotion of the hand-loom industry through the medium of district and peripatetic weaving schools and a special demonstration staff.

The number of students in the higher class was 107, while the students in the artisans class numbered 141. A very interesting and useful development was effected in the institute by the provision made for training women both in the higher and artisan classes. The scheme was sanctioned towards the end of the year under review for a period of one year as an experimental measure. The practical classes were conducted at the hostel rented by the Young Women's Christian Association for the residence of the female students. The experiment proved to be full of promise and sanction has since been accorded to the extension of the scheme for a further period of two years. The thanks of Government are due to the Association and particularly to Miss Wilson who has been in charge of the women's classes and hostels, and who has herself joined as a regular student in the higher class.

The institute is at present located in six rented buildings situated at a considerable distance apart, thus causing difficulty in regular attendance and supervision. In view of the present financial situation it is extremely uncertain whether funds will be available for the construction of permanent Government buildings on the land already purchased for the purpose some

years ago. In addition to the Serampore Institute there are six district weaving schools and eight peripatetic weaving centres in this Presidency.

6. Government notice with pleasure that in spite of financial and other difficulties, considerable headway was made in the development of technical and industrial education. The Board of Control for Apprentice Training, which was appointed with the main object of co-ordinating the practical training given in the workshops with the theoretical training to be imparted in technical institutions, adopted a certain number of model schemes for practical training suitable to various types of workshops. A list of workshops which could be recognized by the Board for the Training of Apprentices, was prepared and the courses of instruction to be given therein were described. Recruitment of staff for the Kauchrapara Technical School, referred to in the preceding resolution, is now complete except that the Head Master and the Workshop Instructor have not yet been appointed for want of quarters to be provided by the Railway authorities. Government trust that the Railway Administration will carry out their share of the scheme as early as possible. The construction of buildings for the Calcutta Technical School, continued during the year under review and has now been completed. The scheme for the improvement of mining education in the coalfields was also pushed forward and the Mining Instructor and the Assistant Mining Instructor were appointed after the close of the year under review. An important development in the matter of technical education was made by the arrangement with Messrs. Tata & Sons, Ltd., under which, for an annual grant of Rs. 10,000 to be made to the Technical Institute, Jamshedpur, five vacancies should be annually reserved for Bengal, of which two are for Moslems.

The Government Commercial Institute, Calcutta, and the Government School of Art, which continued to do useful work, have since been transferred to the control of the Education Department.

7. It is also satisfactory to note that the department did not lose sight of the importance in the development of industries of organizing markets for local products and securing special concession, where possible. The general question of legislation for extending State aid to industries is now under the consideration of Government.

8. The thanks of Government are due to Dr. Meek and Messrs. Weston and Hoogewerf for their efficient administration of the department and to Mr. B. M. Das, Superintendent, Calcutta Research Tannery, and Dr. Rasik Lal Datta, Industrial Chemist, for their useful research and demonstration work during the year under report. Government are also grateful to the members of the Advisory Board of Industries and of other Boards and Committees connected with the department for the ready and valuable assistance rendered by them.

J. C. ROY, for Director of Agriculture, Bengal.

DACCA, the 26th April 1924.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for March 1924.

I. **Character of the season.**—The month was abnormally dry and total rainfall was markedly in defect of the normal. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Sowing of jute and paddy on *chur* and other low-lands was hindered by the prolonged drought and the progress in these operations is so far less than that of last year. The harvesting of late spring crops and cutting and pressing of sugarcane especially in the Western districts were practically finished.

III. **State of standing crops.**—Summer paddy, wheat, vegetables and other late *rabi* crops still unreaped were not satisfactory as they suffered from continued drought.

IV. **Prospects and probable outturn.**—The outturn of different spring crops for the province, as a whole, averaged 75 per cent. of the normal and that of wheat is expected to range between 60 to 68 per cent.

V. **Damage to standing crops.**—Considerable damage was done to the standing spring crops by continued drought.

VI. **Condition of agricultural stock.**—The condition of agricultural stock was reported to be fair. Sporadic cases of cattle-disease were, however, reported from fifteen districts.

VII. **Failure of pasturage and fodder.**—There has been no failure of pasturage and fodder in the province.

VIII. **Prices of food-grains.**—During the second fortnight of the month the prices of common rice of the cheapest quality rose in five districts, fell in six and remained stationary in the rest of the province. The prices varied from 10½ seers at Jessore to 6½ seers at Rangpur.

IX. **Condition of agricultural people.**—The condition of the agricultural population was reported to be fair.
